(1) Effective, with respect to the offices of governor on December 4, 1979, and the lieutenant governor on the fifth Tuesday following the regular November election in 1975 and with respect to the other offices named in this section, on the first Monday in January, 1976, the compensation of the following named officers, payable monthly out of the state treasury, shall be the sum per annum designated for the respective offices, as follows: governor $39,500; lieutenant governor, an amount sufficient, when added to any per diem received during sessions of the general assembly while serving in the capacity of president of the senate, to equal $27,900 per annum, plus any compensation received while acting in the place of the governor; attorney general, superintendent of public instruction, commissioner of agriculture, secretary of state, state treasurer, auditor of public accounts, and clerk of the Supreme Court of Kentucky elected in November, 1975, as clerk of the Court of Appeals $27,900.

(2) In order to equate or adjust the compensation of the lieutenant governor, attorney general, superintendent of public instruction, commissioner of agriculture, secretary of state, state treasurer, auditor of public accounts, [and] clerk of the Supreme Court of Kentucky, *and beginning July 1, 1979, all justices and*

judges of the court of justice with the purchasing power of the 1949 dollar, the *executive* department *for finance and administration* [of commerce] of Kentucky shall compute by the second Friday in February of every year, beginning in 1977, the maximum permissible compensation of the officials mentioned in subsection (2) hereof based precisely uypon the consumer price index formula approved in Matthews v. Allen, Kentucky, 360 S.W. 2d 135 (1962). Thus the maximum permissible compensation effective for the entire year of 1977 and subsequent years will be the actual compensaiton to be paid said officials. The year of adjustment will be the particular full calendar year involved.

(3) It is the intention of the legislature that the constitutionally permissible adjustment of salaries of these officials be framed around equating current salaries with the purchasing power of the dollar in 1949 when section 246 of the Kentucky Constitution was amended. Section 246 of the Constitution, as amended, established a monetary level of $12,000 per annum for said officials. The formula merely effects an adjustment of the constitutional monetary level in terms of the current consumer price index.

Each member of the board shall be qualified pursuant to KRS 12.070 and shall hold office until his successor is appointed and qualifies. Members shall receive one hundred dollars ($100) per diem plus necessary expenses incurred in discharging their duties. The governor may at any time remove any member for cause.

(4) It shall be the duty of the board to administer the provisions of KRS Chapter 304, Subtitles 13 and 32, to the extent such provisions are applicable to the promulgation, filing, approval or use of rates. To facilitate the performance of this duty, such of the authority, powers, duties and functions heretofore vested in and exercised by the commissioner under KRS Chapter 304, Subtitles 13 and 32, shall be transferred to and hereafter be vested in and performed by the board to the extent such subtitles are applicable to rates.

(b) Conduct of public hearings into, and the making of an in-depth study of, the current marketing practices generally prevailing among insurers authorized to do business in this Commonwealth particularly as those practices bear upon the cost and availability of property and casualty insurance coverages and to report to the governor its findings including any recommendations for remedial action, either administrative or legislative, which it believes to be in the public interest especially insofar as such remedial action bears upon the residual markets existing in such lines of insurance;

(c) In-depth study of and recommendations for the establishment within the department of insurance of a system to continuously monitor the prevailing rate structures and for the public dissemination of such information on a regular basis in order that the insuring public may have available understandable and factual information on which to base an intelligent choice in the purchase of such coverages;

In the performance of its duty, the board shall be the successor in every way to the commissioner and every act done by the board in the exercise of such functions shall be deemed to have the same force and effect under any provisions of the Constitution and Laws in effect on the effective date of this transfer as if done by the commissioner from whom such functions are transferred.

(10) All rules and regulations heretofore adopted, and all orders, notices, or bulletins heretofore issued, by the commissioner and relating to the powers, duties and functions transferred by subsection (4) of this section, shall continue in full force and effect for the board until changed, modified or repealed by the board which shall have the same authority to adopt rules and regulations or to issue orders, notices or bulletins in

connection with the functions transferred as was vested in the commissioner prior to the effective date of this transfer.

(11) The board shall continue to collect and receive any dues, fees, charges or other forms of income as the law may now or hereafter provide for in conjunction with the powers and duties transferred by subsection (4) of this section, and shall remit all such funds to the state treasurer to be received and credited according to law.

(12) The board shall be a budgetary unit of the department of insurance which shall pay all its necessary operating expenses and shall furnish all office space, personnel, equipment, supplies and technical or administrative services required by it in the performance of the functions transferred, established or created herein.

Section 134. KRS 304.13-040 is amended to read as follows:

(1) Every insurer shall file with the *board* [commissioner], except as to inland marine risks which by general custom of the business are not written according to manual rates or rating plans, every manual, minimum, class rate, rating schedule or rating plan and every other rating rule, and every modification of any of the foregoing which it proposes to use. Every such filing shall state the proposed effective date thereof, and shall indicate the character and extent of the coverage contemplated.

(2) When a filing is not accompanied by the information upon which the insurer supports such filing, and the *board* [commissioner] does not have sufficient information to determine whether such filing meets the requirements of this subtitle *it* [he] shall require the insurer to furnish the information upon which it supports the filing and in such event the waiting period shall commence as of the date such information is furnished. The information furnished in support of a filing may include:

(a) The experience or judgment of the insurer or rating organization making the filing,

(b) Its interpretation of any statistical data it relies upon,

(c) The experience of other insurers or rating organizations, or

(d) Any other relevant factors.

(3) A filing and any supporting information shall be open to public inspection after the filing becomes effective, except as provided in subsection (4) of KRS 304.13-050. Specific inland marine rates on risks specifically rated, made by a rating organization, shall be filed with the *board* [commissioner], and shall become effective when filed and shall be deemed approved and in compliance with the requirements of this subtitle until such time as the *board* [commissioner] rejects the filing.

Section 135. KRS 304.13-050 is amended to read as follows:

(1) The *board* [commissioner] shall review filings as soon as reasonably possible after they have been made in order to determine whether they meet the applicable requirements of this subtitle.

(2) Subject to the exception specified in subsection (3) of KRS 304.13-040 with reference to specific inland marine rates made by a rating organization, and subsections (3) and (4) of this section, each filing shall be on file for a waiting period of thirty (30) days before it becomes effective, which period may be extended by the *board* [commissioner] for an additional period not to exceed thirty (30) days if *it* [he] gives written notice within such waiting period to the insurer or rating organization which made the filing that *it* [he] needs such additional time for the consideration of such filing. Upon written application by such insurer or rating organization, the *board* [commissioner] may authorize a filing which *it* [he] has reviewed to become effective before the expiration of the waiting period or any extension thereof. A filing shall be deemed to meet the requirements of this subtitle unless disapproved by the *board* [commissioner] within the waiting period or any extension thereof.

(3) Any special filing with respect to a surety or guaranty bond required by law or by court or executive order or by order, rule or regulation of a public body, not covered by a previous filing, shall become effective when filed and shall be deemed to meet the requirements of this subtitle until such time as the *board* [commissioner] rejects the filing.

(4) The *board* [commissioner] may, when *it* [he] deems it to be in the public interest, hold a public hearing on any filing before said filing becomes effective to determine whether or not the filing meets the requirements of this subtitle. When the *board* [commissioner] has determined that a hearing shall be held relative to any filing, the filing and any supporting information filed therewith shall be open to public inspection immediately upon the giving of notice as required by this subsection. Before such hearing the rating organization or insurer making such filing shall be given ten (10) days' written notice of the time and place of such hearing, and the public shall be given notice by publication pursuant to KRS chapter 424. The *board* [commissioner] shall promulgate reasonable regulations to prevent the avoidance of normal expirations and renewal dates of policies, or contracts of insurance, that may be affected by such filings. In the event that a hearing is held under the provisions of this subsection the waiting periods specified in subsection (2) of this section shall not begin to run until thirty (30) days after the close of such hearing.

(5) In the review of any filing made pursuant to KRS 304.13-040 either prior to its becoming effective, or upon a subsequent review as provided for in KRS 304.13-080, the burden of establishing that the filing under consideration meets the requirements of this subtitle shall be on the insurer or rating organization which makes such filing.

Section 136. KRS 304.13-060 is amended to read as follows:
Under rules and regulations as *it* [he] adopts the *board* [commissioner] may, by written order, suspend or modify the requirement of filing as to any kind of insurance, subdivision or combination thereof, or as to classes of risks, the rates for which cannot practicably be filed before they are used. Such orders, rules and regulations shall be made known to insurers and rating organizations affected thereby. The *board* [commissioner] may make such examination as *it* [he] deems advisable to ascertain whether any rates affected by such order meet the standards that rates shall not be excessive, inadequate or unfairly discriminatory.

Section 137. KRS 304.13-070 is amended to read as follows:
(1) If within the waiting period or any extension thereof as provided in KRS 304.13-050, the *board* [commissioner] finds that a filing does not meet the requirements of this subtitle, *it* [he] shall give written notice of disapproval of such filing to the insurer or rating organization which made such filing specifying therein in what respects *it* [he] finds such filing fails to meet the requirements of this subtitle and stating that such filing shall not become effective.

(2) If within thirty (30) days after a specific inland marine rate on a risk specially rated by a rating organization or a special surety or guaranty bond required by law has become effective, the *board* [commissioner] finds that such filing does not meet the requirements of this subtitle, *it* [he] shall give written notice of disapproval of the filing to the rating organization or insurer which made the filing specifying therein in what respects *it* [he] finds that the filing fails to meet the requirements of this subtitle and stating when, within a reasonable period thereafter, the filing shall be deemed no longer effective. Such disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in such notice.

Section 138. KRS 304.13-080 is amended to read as follows:
If at any time subsequent to the applicable review period provided for in subsections (1) and (2) of KRS 304.13-070 the *board* [commissioner] finds that a filing does not meet the requirements of this subtitle, *it* [he] shall, after a hearing held upon not less than ten (10) days' written notice, specifying the matters to be considered at the hearing, to every insurer and rating organization which made the filing, issue an order specifying in what respects *it* [he] finds that the filing fails to meet the requirements of this subtitle, and stating when, within a reasonable period thereafter, the filing shall be deemed no longer effective. Copies of the order shall be sent to every such insurer and rating organization. The order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in the order.

Section 139. KRS 304.13-100 is amended to read as follows:
Upon the written application of the insured, stating his reasons therefor, filed with and approved by the *board* [commissioner], a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk.

Section 140. KRS 304.13-110 is amended to read as follows:
Any insurer may satisfy its obligation to make filings required by KRS 304.13-030 by becoming a member of, or a subscriber to, a licensed rating organization which makes such filings, and by authorizing the *board* [commissioner] to accept such filings on its behalf. Nothing contained in this subtitle shall be construed as requiring any insurer to become a member of or a subscriber to any rating organization.

Section 141. KRS 304.13-200 is amended to read as follows:
(1) Every member of or subscriber to a rating organization shall adhere to the filings made on its behalf by such organization except that any such insurer may make written application to the *board* [commissioner] for permission to file a deviation from the class rates, schedules, rating plans or rules respecting any kind of insurance, or class of risk within a kind of insurance, or combination thereof. Such application shall specify the basis for the modification and a copy thereof shall also be sent simultaneously to such rating organization.

(2) The *board* [commissioner] shall set a time and place for a hearing at which the insurer and such rating organization may be heard and shall give them not less than ten (10) days' written notice thereof. If the *board* [commissioner] is advised by the rating organization that it does not desire a hearing *it* [he] may, upon the consent of the applicant, waive such hearing.

(3) In considering the application for permission to file such deviation the *board* [commissioner] shall give consideration to the available statistics and the principles for rate making as provided in KRS 304.13-030. The *board* [commissioner] shall issue an order permitting the deviation for such insurer to be filed if *it* [he]

finds it to be justified and it shall thereupon become effective. *It* [He] shall issue an order denying such application if *it* [he] finds that the modification is not justified or that the resulting premiums would be excessive, inadequate or unfairly discriminatory.

(4) Each deviation permitted to be filed shall be effective for a period of not less than one (1) year from the date of such permission unless terminated sooner with the approval of the *board* [commissioner]. All term policies issued pursuant to such deviations may remain in force until their expiring dates.

Section 142. KRS 304.13-210 is amended to read as follows:

(1) Any member of or subscriber to a rating organization may appeal to the *board* [commissioner] from the action or decision of such rating organization in approving or rejecting any proposed change in or addition to the filings of such rating organization.

(2) The *board* [commissioner] shall, after a hearing held upon not less than ten (10) days' written notice to the appellant and to the rating organization, issue an order approving the action or decision of the rating organization or directing it to give further consideration to such proposal; or if the appeal is from the action or decision of the rating organization in rejecting a proposed addition to its filings, *it* [he] may, in the event *it* [he] finds that such action or decision was unreasonable, issue an order directing the rating organization to make an addition to its filings within a reasonable time after the issuance of such order.

Section 143. KRS 304.13-220 is amended to read as follows:

(1) Any person or organization in interest, aggrieved with respect to any filing which is in effect may make written application to the *board* [commissioner] for a hearing thereon, except that the insurer or rating organization that made the filing shall not be authorized to proceed under this section. Such application shall specify the grounds to be relied upon by the applicant.

(2) If the *board* [commissioner] finds that the application is made in good faith, that the applicant would be so aggrieved if his grounds are established, and that such grounds otherwise justify holding such a hearing, *it* [he] shall, within thirty (30) days after receipt of such application, hold a hearing upon not less than ten (10) days' written notice to the applicant and to every insurer and rating organization which made such filing.

(3) If, after such hearing, the *board* [commissioner] finds that the filing does not meet the requirements of this subtitle, *it* [he] shall issue an order specifying in what respects *it* [he] finds that such filing fails to meet the requirements of this subtitle, and stating when, within a reasonable period thereafter, such filing shall be deemed no longer effective. Copies of the order shall be sent to the applicant and to every such insurer and rating organization. The order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in the order.

Section 144. KRS 304.13-230 is amended to read as follows:

(1) Every rating organization and every insurer which makes its own rates shall, with a reasonable time after receiving written request therefor and upon payment of such reasonable charge as it may make, furnish to any insured affected by a rate made by it, or to the authorized representative of such insured, all pertinent information as to such rate.

(2) Every rating organization and every insurer which makes its own rates shall provide within this state reasonable means whereby any person aggrieved by the application of its rating system may be heard, in person or by his authorized representative, on his written request to review the manner in which such rating system has been applied in connection with the insurance afforded him. If the rating organization or insurer fails to grant or reject such request within thirty (30) days after it is made, the applicant may proceed in the same manner as if his application has been rejected. Any part affected by the action of such rating organization or such insurer on such request may, within thirty (30) days after written notice of such action, appeal to the *board* [commissioner], *which* [who], after a hearing held upon not less than ten (10) days' written notice to the appellant and to such rating organization or insurer, may affirm or reverse such action.

Section 145. KRS 304.13-270 is amended to read as follows:

(1) The *board* [commissioner] may promulgate reasonable rules and statistical plans, reasonably adapted to each of the rating systems on file with *it* [him], which may be modified from time to time and which shall be used thereafter by each insurer in the recording and reporting of its loss and countrywide expense experience, in order that the experience of all insurers may be made available at least annually in such form and detail as may be necessary to aid *it* [him] in determining whether rating systems comply with the applicable standards set forth in KRS 304.13-030. Such rules and plans may also provide for the recording and reporting of expense experience items which are specially applicable to this state and are not susceptible of determination by a prorating of countrywide expense experience.

(2) In promulgating such rules and plans, the *board* [commissioner] shall give due consideration to the rating systems on file with *it* [him], and, in order that such rules and plans may be as uniform as is

practicable among the several states, to the rules and to the form of the plans used for such rating systems in other states. No insurer shall be required to record or report its loss experience on a classification basis that is inconsistent with the rating system filed by it.

(3) The *board* [commissioner] may designate one or more rating organizations or other agencies to assist *it* [him] in gathering such experience and making compilations thereof, and such compilations shall be made available, subject to reasonable rules promulgated by the *board* [commissioner], to insurers and rating organizations.

(4) Each insurer shall report its loss or expense experience to the lawful rating organization or agency of which it is a member or subscriber, but shall not be required to report its loss or expense experience to any rating organization or agency of which it is not a member or subscriber. Any insurer not reporting such experience to a rating organization or other agency may be required to report such experience to the *board* [commissioner]. Any report of such experience of any insurer filed with the *board* [commissioner] shall be deemed confidential and shall not be revealed by the *board* [commissioner] to any other insurer or other person, but the *board* [commissioner] may make compilations including such experience.

Section 146. KRS 304.13-280 is amended to read as follows:

(1) Reasonable rules and plans may be promulgated by the *board* [commissioner] for the interchange of data necessary for the application of rating plans.

(2) In order to further uniform administration of rate regulatory laws, the *board* [commissioner] and every insurer and rating organization may exchange information and experience data with insurance supervisory officials, insurers and rating organizations in other states and may consult with them with respect to rate making and the application of rating systems.

(3) Cooperation among rating organizations or among rating organizations and insurers in rate making or in other matters within the scope of this subtitle is authorized, provided the filings resulting from such cooperation are subject to all provisions of this subtitle which are applicable to filings generally. The *board* [commissioner] may review such cooperative activities and practices and if, after a hearing, *it* [he] finds that any such activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this subtitle, *it* [he] may issue a written order specifying in what respects such activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this subtitle, and requiring the discontinuance of such activity or practice.

Section 147. KRS 304.13-300 is amended to read as follows:

(1) No person or organization shall wilfully withhold information from, or knowingly give false or misleading information to:

(a) The *board* [commissioner];

(b) Any statistical agency designated by the *board* [commissioner];

(c) Any rating organization, or any insurer which will affect the rates or premiums chargeable under this subtitle.

(2) A violation of this section shall subject the one guilty of such violation to the penalties provided in KRS 304.13-320.

(1) On or after June 18, 1970 no corporation subject to the provisions of this subtitle shall deliver or issue for delivery in this state any subscription certificate or membership certificate describing health benefits available, or any indorsement, rider, or application which becomes a part thereof, until a copy of the form and the schedule of rates, dues, fees, or other periodic charges, to be paid by subscribers or members, has been filed with and approved by the *board* [commissioner].

(2) At the expiration of fifteen (15) days the form so filed shall be deemed approved unless prior thereto it has been affirmatively approved or disapproved by order of the *board* [commissioner]. The *board* [commissioner] may withdraw approval at any time for cause.

(3) The *board's* [commissioner's] order disapproving any form or withdrawing previous approval shall state the grounds for disapproval or withdrawal.

(4) The *board* [commissioner] may, by order, exempt from the requirements of this section for so long as *it* [he] deems proper, any document or form specified in the order, to which in *its* [his] opinion this section may not practicably be applied, or the filing and approval of which are, in *its* [his] opinion, not desirable or necessary for the protection of the public.

No public agency shall disclose any public record containing personal information not subject to public inspection to another public agency unless the disclosure of such information is permitted by any one of the following:

(1) To employes of the agency which has custody of the information if such disclosure is relevant and necessary in the ordinary course of the performance of their official duties and is related to the purpose for which the information was collected.

(2) The transfer is necessary for the agency receiving the information to perform its constitutional or statutory duties and such use is consistent with the purpose for which the information was collected.

(3) To a federal agency when required by federal law or regulation.

(4) Pursuant to a subpoena, court order, search warrant, or any other compulsory legal process.

(5) To the State Archives of the Commonwealth of Kentucky or to any other recognized archieval collection if, in the opinion of the State Archivist, the record has sufficient historical or other value to warrant its continued preservation.

(6) Pursuant to a showing that compelling circumstances exist which affect the public health or safety.

SECTION 5. A NEW SECTION OF KRS 61.870 to 61.884 IS CREATED TO READ AS FOLLOWS:

Public records containing personal information not subject to public inspection may be disclosed to an agency or person engaged in research when the official custodian has been provided with adequate written assurance that the information will be used solely for research purposes, but only if:

(1) The information to be disclosed is in a form that will not identify any individual, or

(2) The person receiving the information agrees in writing to maintain the same standards of confidentiality maintained by the agency in custody of the records.

SECTION 6. A NEW SECTION OF KRS 61.870 to 61.884 IS CREATED TO READ AS FOLLOWS:

(1) No public agency shall be permitted to maintain a personal information system which is secret.

(2) Each public agency shall collect and maintain in its records only personal information which is relevant and necessary to accomplish a purpose of the agency required or authorized by the Kentucky Constitution or statute.

(3) All personal information collected and maintained by a public agency shall be accurate, timely and complete.

(4) Each public agency shall collect personal information to the greatest extent practicable directly from the data subject rather than from another source.

(5) Each public agency shall inform each individual it asks to supply personal information of the following:

(a) The purposes for which the information will be used.

(b) Whether submission of such information is voluntary or mandatory.

(c) Any known or foreseeable consequences which may arise as a result of not providing the requested information.

(d) The individual's right to access and challenge his records.

(e) Procedures by which an individual may appeal any decision made in regard to the exercise of these rights.

(6) If a public agency requests an individual's social security number to be used as a personal identifier and the use is not required by law, the agency shall advise the individual that he is not required by law to provide the number.

(7) Each public agency shall provide adequate security for personal information systems to ensure that the confidentiality of the information is maintained.

(8) Each public agency shall provide sufficient training for employes managing personal records so that they are informed about and familiar with the provisions of this Act and policies and procedures adopted by the agency for compliance with this Act.

Section 7. KRS 61.880 is amended to read as follows:

(1) Each public agency, upon any request for records made under KRS 61.870 to 61.884, shall determine within three (3) days (excepting Saturdays, Sundays, and legal holidays) after the receipt of any such request whether to comply with the request and shall notify in writing the person making the request, within the three (3) day period, of its decision. An agency response denying, in whole or in part, inspection of any record shall include a statement of the specific exception authorizing the withholding of the record and a brief explanation of how the exception applies to the record withheld. The response shall be issued by the official custodian or under his authority, and it shall constitute final agency action.

(2) A copy of the written response denying inspection of a public record shall be forwarded immediately by the agency to the attorney general of the Commonwealth of Kentucky. If requested by the person seeking inspection, the attorney general shall review the denial and issue within ten (10) days (excepting Saturdays, Sundays and legal holidays) a written opinion to the agency concerned, stating whether the agency acted consistent with provisions of KRS 61.870 to 61.884. A copy of the opinion shall also be sent by the attorney general to the person who requested the record in question. The burden of proof in sustaining the action shall rest with the agency and the attorney general may request additional documentation from the agency for substantiation. The attorney general may also request a copy of the records involved but they shall not be disclosed.

(3) Each agency shall notify the attorney general of any actions filed against that agency in circuit court regarding the enforcement of KRS 61.870 to 61.884.

(4) In the event a person feels the intent of KRS 61.870 to 61.884 is being subverted by an agency short of denial of inspection, including but not limited to the imposition of excessive fees, [or] the misdirection of the applicant *or the denial of privacy rights*, the person may complain in writing to the attorney general and the complaint shall be subject to the same adjudicatory process as if the record had been denied.

(5) If the attorney general upholds, in whole or in part, the request for inspection, the public agency involved may institute proceedings within thirty (30) days for injunctive or declaratory relief in the circuit court of the district where the public record is maintained. If the attorney general disallows the request or if the public agency continues to withhold the record notwithstanding the opinion of the attorney general, the person seeking disclosure may institute such proceedings.

Section 8. KRS 61.882 is amended to read as follows:

(1) The circuit courts of this state shall have jurisdiction to enforce the purposes of KRS 61.870 to 61.884, by injunction or other appropriate order on application of any *person* [citizen of this state].

(2) In order for the circuit courts of this state to exercise their jurisdiction to enforce the purposes of KRS 61.870 to 61.884, it shall not be necessary to have forwarded any request for the documents to the attorney general pursuant to KRS 61.880, or for the attorney general to have acted in any manner upon a request for his opinion.

(3) In any such action, the court shall determine the matter de novo and the burden of proof shall be on the public agency to sustain its action. The court on its own motion, or on motion of either of the parties, may view the records in controversy in camera before reaching a decision. Any noncompliance with the order of the court may be punished as contempt of court.

(4) Courts shall take into consideration the basic policy of KRS 61.870 to 61.884 that free and open examination of public records is in the public interest and the exceptions provided for by KRS 61.870 to 61.884 or otherwise provided for by law shall be strictly construed, even though such examination may cause inconvenience or embarrassment to public officials or others. Except as otherwise provided by law or rule of court, proceedings arising under this section take precedent on the docket over all other causes and shall be assigned for hearing and trial at the earliest practicable date.

(5) Any person who prevails against an agency in any action in the courts *involving a* [seeking the right to inspect and copy any public record may, upon a finding that the records were wilfully withheld in] violation of KRS 61.870 to 61.884, *shall* be awarded all costs, including reasonable attorney fees, incurred in connection with such legal action. If such person prevails in part, the court may in its discretion award him costs or an appropriate portion thereof. In addition, it shall be within the discretion of the court to award such person an amount not to exceed twenty-five dollars ($25) for each day that he was denied the right to inspect or copy *a* [said] public record. The costs or award shall be paid by such person or agency as the court shall determine is responsible for the violation.

Section 9. KRS 61.884 is amended to read as follows:

(1) Upon request to the official custodian of a public agency, an individual shall be informed whether he is the subject of any personal record system maintained by the agency.

(2) Any *individual or other* person *designated by the individual* shall have access to *the portion of* any public record relating to him or in which he is mentioned by name, upon presentation of appropriate identification [, subject to the provisions of KRS 61.878]. *This right shall also be extended to the parent or legal guardian of an individual under eighteen (18) years of age except with regard to records created as a result of a service or program provided without parental consent. The right of individual access shall be denied only in the following instances:*

(b) Records exempted from public inspection in accordance with KRS 61.878(c)(d) and (f).

(c) As specifically provided by Act of the General Assembly, federal law or federal regulation.

(3) An individual may contest any alleged violation of his rights under this Act. To initiate a contest, the data subject shall notify in writing the official custodian describing the nature of the disagreement. The official custodian shall within ten (10) days, excluding Saturdays, Sundays and state holidays, notify the data subject that his request has been accepted or denied. All such refusals may be appealed in accordance with KRS 61.880 or 61.882. If the data subject's appeal is upheld, the attorney general or the court shall order the agency to correct or amend the record consistent with its findings.

(4) If a challenge is refused, the data subject may file a statement of disagreement which becomes a part of the record. Personal information which is or has been in dispute shall not be disclosed without an advisement of dispute or the individual's statement of disagreement included.

[The bureau of exceptional children, through KRS 157.221, coordinates, directs, and monitors that program. State direction and implementation of a statewide exceptional education program is manifested in the biennial appropriation of funds to finance a particular number of such classroom units. "SECTION 1. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

As used in this Act unless the context requires otherwise.

(1) "Board" means the board of education of a school district as defined in KRS 160.160.

(2) "Certificated person" or "certified personnel" means those persons, other than temporary substitutes, holding positions requiring certificates referred to in KRS 161.020 through 161.120 who are below the rank of superintendent, deputy superintendent, associate superintendent, and assistant superintendent and employed by the board.

(3) "Association" means an organization composed of personnel employed by the board and holding positions for which certificates are required. The certificated personnel who are members of such "association" may be all "teachers," all "administrators," or both.

(4) "Members" or "membership" means only those persons belonging to an association who are certificated personnel and who are in good standing with the association.

(5) "Administrator" means a certificated person who devotes the majority of his employed time to service as a principal, assistant principal, supervisor, coordinator, director, assistant director, administrative assistant, finance officer, or school business administrator, or who holds a position in which he evaluates or supervises teachers or recommends personnel for employment or discharge.

(6) "Teacher" means all certificated personnel who are not administrators.

(7) "Administrator unit" means certificated personnel who are members of a section or department of an association that has requested separate bargaining rights pursuant to subsection (4) of Section 2 of this Act, the members of such sections or department being all administrators.

(8) "Teacher unit" means certificated personnel who are members of a section or department of an association that has requested separate bargaining rights pursuant to subsection (4) of Section 2 of this Act, the members of such section or department being all teachers.

good faith with respect to the subjects of bargaining provided in this Act with the intention of reaching an agreement or to resolve questions arising under such an agreement. The duty to bargain, however, does not compel either party to agree to a proposal or require the making of a concession. Collective bargaining includes the reduction of any agreement reached to a written and signed document.

(10) "Grievance" means a claim based upon an event or condition which affects the interpretation, meaning, or application of the provisions of the collective bargaining agreement between the board and the association.

(11) "Aggrieved person" means the certificated person or persons making the claim.

SECTION 2. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) On or after the effective date of this Act in each school district where at least one association exists, the board shall accept written requests for recognition from associations in the district seeking to be exclusive representative of all certificated personnel, all teachers, or all administrators in the district for purposes of collective bargaining.

(2) Associations seeking recognition by the board must submit as a part of the written request for recognition, an affidavit stating:

(a) That the request is on behalf of the membership of the association. If the request is from an association composed of both teachers and administrators, the affidavit shall state whether or not separate bargaining rights are desired by a teacher unit, an administrator unit, or both, as set forth in subsection (3) of this section.

(b) That to the best of its knowledge and belief, the association is the certified representative of more than fifth percent (50%) of certificated personnel or teachers or administrators as the case may be, employed within the district by the board.

(c) The total number of members of the association, as verified by a certified public accountant.

(d) That the certificated personnel voted by secret ballot pursuant to reasonable notice to all members in good standing to determine whether or not the association should request the board to recognize the association as the exclusive representative of all certificated personnel, all teachers, or all administrators in the district for purposes of collective bargaining.

(e) That the results of the vote indicated that a majority of the certificated personnel voted in favor of said representation.

(3) Teachers and administrators may bargain through separate associations or they may bargain jointly or separately through a single association to which all certificated personnel are eligible to belong.

(4) If separate bargaining rights are desired within an association to which all certificated personnel are eligible to belong, a teacher unit, an administrator unit, or both may be organized within the structure of the association. The association shall in such event include in its request for recognition a statement informing the board that a teacher unit, an administrator unit, or both shall require separate bargaining rights and that the basis for separate bargaining rights is a majority vote of members of the teacher unit or the administrator unit or the administrator unit or both.

(5) Upon receipt of a request for recognition the board shall notify the chief elected officer of each association in the school district of the request in writing by certificated mail and shall grant such associations the right to challenge any request prior to recognition of an association by the board. Challenges must be submitted within fifteen (15) calendar days from receipt of notice from the board and such challenge must be in the form of a request. A request shall be accompanied by either a verified statement by a Certified Public Accountant listing the total number of members in the challenging association, the fact that the members are in good standing and the fact that they constitute twenty-five percent (25%) of the certificated personnel in the

challenged unit or accompanied by a petition requesting a secret ballot election signed by twenty-five percent (25%) of the certificated personnel in the unit. Even though the original request for recognition is for recognition for both a teacher unit and an administrator unit, the challenge may be directed to one or the other.

(6) If the board receives only one request for recognition, the board shall, at a time no later than its next regular meeting, issue a written statement of recognition to the association, establishing such association as the exclusive representative of all certificated personnel, all teachers, or all administrators in the district, as the case may be, for purposes of professional negotiation; provided, however, that in the event the board in good faith questions whether or not the association represents more than fifty percent (50%) of certificated personnel, or teachers or administrators, as the case may be, employed within the district by the board, the board shall not be required to issue its statement of recognition to the association unless and until such percentage representative has been verified by the department of labor, and when a teacher unit or an administrator unit qualifies for separate negotiating rights within an association, the written statement of recognition to the association shall so state.

(7) If the board receives a challenge and request for secret ballot election for recognition of an association as representative of all certificated personnel in the teacher unit or administrator unit or both, the board shall verify that the challenge is accompanied by the requisite number of members or signatures in the challenged unit only as required under subsection (5) above. Verification shall be completed within a period of ten (10) days after the receipt of challenge. Upon completion of the verification, the board shall fix a date for the secret ballot election which date shall not be later than thirty (30) days from the date of completion of verification. The election shall be conducted during school hours on school premises in accordance with regulations promulgated by the department of labor who shall be guided in promulgation by the standards for the conduct of elections followed by the national labor relations board and its rules so promulgated shall not be conflict therewith. The cost of said secret ballot election shall be borne equally by the participating associations whose names shall be listed on the ballot in alphabetical order together with a separate listing for "no association". If more votes are cast for no association than for exclusive representative of the certificated personnel in the unit then no association shall be permitted to petition for such recognition, regardless of membership, for a period of twenty-four (24) months from the date on which said secret ballot election was held. In the event one of the associations listed on the ballot has a plurality of ballots cast, that association shall be certified as the exclusive representative for all of the certificated personnel in the unit and shall remain the exclusive representative for a period of thirty-six (36) months from June 30 following the date of said election and no other qualification shall be required for such period.

(8) Written statements of recognition shall become part of the official minutes of the board.

SECTION 3. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) A board's recognition of an association for purposes of collective bargaining shall be for a period not to exceed three (3) years, beginning and ending on June 30. The term of a collective bargaining agreement shall be negotiated by a board and an association, but in no case shall the term of the agreement extend beyond the period of recognition. The recognition shall continue for an additional three (3) years unless challenge is received within sixty (60)

(3) "Association" means an organization composed of personnel employed by the board and holding positions for which certificates are required. The certificated personnel who are members of such "association" may be all "teachers," all "administrators," or both.

(4) "Members" or "membership" means only those persons belonging to an association who are certificated personnel and who are in good standing with the association.

(5) "Administrator" means a certificated person who devotes the majority of his employed time to service as a principal, assistant principal, supervisor, coordinator, director, assistant director, administrative assistant, finance officer, or school business administrator, or who holds a position in which he evaluates or supervises teachers or recommends personnel for employment or discharge.

(6) "Teacher" means all certificated personnel who are not administrators.

(7) "Administrator unit" means certificated personnel who are members of a section or department of an association that has requested separate bargaining rights pursuant to subsection (4) of Section 2 of this Act, the members of such sections or department being all administrators.

(8) "Teacher unit" means certificated personnel who are members of a section or department of an association that has requested separate bargaining rights pursuant to subsection (4) of Section 2 of this Act, the members of such section or department being all teachers.

(9) "Collective bargaining" or "bargaining" means the performance of the mutual obligation of the board as an employer, by it officers and agents, and the association, to meet and confer at reasonable times, in good faith with respect to the subjects of bargaining provided in this Act with the intention of reaching an agreement or to resolve questions arising under such an agreement. The duty to bargain, however, does not compel either party to agree to a proposal or require the making of a concession. Collective bargaining includes the reduction of any agreement reached to a written and signed document.

(10) "Grievance" means a claim based upon an event or condition which affects the interpretation, meaning, or application of the provisions of the collective bargaining agreement between the board and the association.

(11) "Aggrieved person" means the certificated person or persons making the claim.

(12) "Party in interest" means the certificated person or persons making the claim or any person who might be required to take action or against whom action might be taken in order to resolve the claim.

SECTION 2. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) On or after the effective date of this Act in each school district where at least one association exists, the board shall accept written requests for recognition from associations in the district seeking to be exclusive representative of all certificated personnel, all teachers, or all administrators in the district for purposes of collective bargaining.

(2) Associations seeking recognition by the board must submit as a part of the written request for recognition, an affidavit stating:

(a) That the request is on behalf of the membership of the association. If the request is from an association composed of both teachers and administrators, the affidavit shall state whether or not separate bargaining rights are desired by a teacher unit, an administrator unit, or both, as set forth in subsection (3) of this section.

(b) That to the best of its knowledge and belief, the association is the certified representative of more than fifth percent (50%) of certificated personnel or teachers or administrators as the case may be, employed within the district by the board.

(c) The total number of members of the association, as verified by a certified public accountant.

(d) That the certificated personnel voted by secret ballot pursuant to reasonable notice to all members in good standing to determine whether or not the association should request the board to recognize the association as the exclusive representative of all certificated personnel, all teachers, or all administrators in the district for purposes of collective bargaining.

(e) That the results of the vote indicated that a majority of the certificated personnel voted in favor of said representation.

(3) Teachers and administrators may bargain through separate associations or they may bargain jointly or separately through a single association to which all certificated personnel are eligible to belong.

(4) If separate bargaining rights are desired within an association to which all certificated personnel are eligible to belong, a teacher unit, an administrator unit, or both may be organized within the structure of the association. The association shall in such event include in its request for recognition a statement informing the board that a teacher unit, an administrator unit, or both shall require separate bargaining rights and that the

basis for separate bargaining rights is a majority vote of members of the teacher unit or the administrator unit or the administrator unit or both.

(5) Upon receipt of a request for recognition the board shall notify the chief elected officer of each association in the school district of the request in writing by certificated mail and shall grant such associations the right to challenge any request prior to recognition of an association by the board. Challenges must be submitted within fifteen (15) calendar days from receipt of notice from the board and such challenge must be in the form of a request. A request shall be accompanied by either a verified statement by a Certified Public Accountant listing the total number of members in the challenging association, the fact that the members are in good standing and the fact that they constitute twenty-five percent (25%) of the certificated personnel in the challenged unit or accompanied by a petition requesting a secret ballot election signed by twenty-five percent (25%) of the certificated personnel in the unit. Even though the original request for recognition is for recognition for both a teacher unit and an administrator unit, the challenge may be directed to one or the other.

(6) If the board receives only one request for recognition, the board shall, at a time no later than its next regular meeting, issue a written statement of recognition to the association, establishing such association as the exclusive representative of all certificated personnel, all teachers, or all administrators in the district, as the case may be, for purposes of professional negotiation; provided, however, that in the event the board in good faith questions whether or not the association represents more than fifty percent (50%) of certificated personnel, or teachers or administrators, as the case may be, employed within the district by the board, the board shall not be required to issue its statement of recognition to the association unless and until such percentage representative has been verified by the department of labor, and when a teacher unit or an administrator unit qualifies for separate negotiating rights within an association, the written statement of recognition to the association shall so state.

(7) If the board receives a challenge and request for secret ballot election for recognition of an association as representative of all certificated personnel in the teacher unit or administrator unit or both, the board shall verify that the challenge is accompanied by the requisite number of members or signatures in the challenged unit only as required under subsection (5) above. Verification shall be completed within a period of ten (10) days after the receipt of challenge. Upon completion of the verification, the board shall fix a date for the secret ballot election which date shall not be later than thirty (30) days from the date of completion of verification. The election shall be conducted during school hours on school premises in accordance with regulations promulgated by the department of labor who shall be guided in promulgation by the standards for the conduct of elections followed by the national labor relations board and its rules so promulgated shall not be conflict therewith. The cost of said secret ballot election shall be borne equally by the participating associations whose names shall be listed on the ballot in alphabetical order together with a separate listing for "no association". If more votes are cast for no association than for exclusive representative of the certificated personnel in the unit then no association shall be permitted to petition for such recognition, regardless of membership, for a period of twenty-four (24) months from the date on which said secret ballot election was held. In the event one of the associations listed on the ballot has a plurality of ballots cast, that association shall be certified as the exclusive representative for all of the certificated personnel in the unit and shall remain the exclusive representative for a period of thirty-six (36) months from June 30 following the date of said election and no other qualification shall be required for such period.

(8) Written statements of recognition shall become part of the official minutes of the board.

SECTION 3. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) A board's recognition of an association for purposes of collective bargaining shall be for a period not to exceed three (3) years, beginning and ending on June 30. The term of a collective bargaining agreement shall be negotiated by a board and an association, but in no case shall the term of the agreement extend beyond the period of recognition. The recognition shall continue for an additional three (3) years unless challenge is received within sixty (60) calendar days. If no challenges to the request for renewal are received by the board, the board shall at a time no later than ten (10) days or not later than its next regular meeting, whichever is earlier, issue a written statement of recognition. If the request for renewal is challenged, the board shall follow procedures set forth in subsections (7) and (8) of Section 2 of this Act.

(2) The superintendent of schools shall comply with all reasonable requests from bargaining teams for records and information relating to subjects under negotiation and proposed subjects of bargaining. Public

records and documents supplied by the superintendent to one of the bargaining teams shall also be supplied to the other.

(3) Agreements between the recognized association and the board that have been reached through bargaining shall be in written form and subscribed to by the duly authorized representatives of the board and the association. All such agreements shall become part of the official minutes of the board and the collective bargaining agreement.

SECTION 5. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) The board shall not be required to discuss and bargain matters of interest managerial policy, including but not limited to, budget composition, utilization of technology, organizational structure, selection and direction and number of personnel.

The board and the association shall, if either party so requests, discuss and bargain with each other policy matters relating to compensation, salary schedules, terms and conditions of employment, transfer of personnel and negotiation of an agreement.

(3) The association and the board shall, at all times, bargain with each other in good faith. A sincere effort shall be made by both parties to overcome obstacles to agreement in the bargaining process.

SECTION 6. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) Collective bargaining in a school district shall occur when the recognized association or the board requests. Such bargaining shall be completed within ninety (90) calendar days of the original request or by an earlier date if agreed to by the recognized association and the board. If agreement upon the matter being negotiated has not been reached by the end of the ninety (90) day period, or by the date agreed upon by the association and the board, an impasse shall be presumed to exist, and the procedure for resolving an impasse as outlined in Section 7 of this Act shall be employed. Either party may, when acting in good faith, declare an impasse to exist at any stage of bargaining.

(2) Once a matter has been bargained that same matter shall not be subject to bargaining for a period of twelve (12) months from the date bargaining commenced. However, the parties may mutually agree to reopen negotiation on any matter at any time.

SECTION 7. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) Upon declaration of impasse by either party or upon failure of the parties to complete bargaining before deadlines set forth in this Act and in the collective bargaining agreement, the following procedure for resolution of the impasse shall be employed: The department of labor shall be notified and within seven (7) calendar days the board and the recognized association shall agree upon and appoint a mediator. If at the termination of the above-mentioned time period a mediator cannot be agreed upon and appointed, the party that declared the impasse shall immediately notify the department of labor, who within ten (10) calendar days of receipt of notification shall appoint a mediator. The mediator shall meet with the parties or their representatives, or both, forthwith, either jointly or separately, and shall take such other steps as he may deem appropriate in order to persuade the parties to resolve their differences and effect a mutually acceptable agreement. Provided, that the mediator may, without the consent of both parties, make findings of fact or recommend terms of settlement. Unless both parties agree to a longer period, the mediator shall have fifteen (15) calendar days in which to assist the parties in reaching agreement on the matter that has led to impasse.

(2) If the mediator's efforts do not result in the parties reaching agreement, the second step for resolving impasse shall commence in the following manner: The board and the recognized association shall within ten (10) calendar days from the expiration of the mediator's working period each select one (1) person to serve on a fact finding committee. A third person who shall serve as committee chairman shall be selected jointly by the other two (2) committee members. No committee member shall be a member of the board or the association. If within ten (10) calendar days from their appointment the two (2) committee members are unable to agree upon the choice of a chairman, the party that declared the impasse shall so notify the circuit court of the county in which the board is located, which shall appoint a chairman from a list of names provided by the

department of labor within ten (10) calendar days of receipt of notification. The committee members shall investigate, make findings of fact, and after consultation and vote, recommend a solution. The written findings and recommendation of the committee shall be represented to the parties within thirty (30) calendar days from the time the chairman is appointed. Such recommendation shall be advisory only.

(3) The board and the association shall adopt or reject the recommendations of the fact finding committee at its next regular meeting or by a date agreed to by the recognized association and the board.

(4) It shall be unlawful for the recognized association to cause or authorize any of its members to take part in a strike, slowdown, walkout, sickout or any other action disrupting the orderly and continuous conduct of the public schools, and it shall be further unlawful for any teacher or administrator to take part in a strike, slowdown, walkout, sickout or any other action disrupting the orderly and continuous conduct of the public schools. Violation of this provision shall be grounds for the board to suspend or dismiss any employ a participating therein; or to seek injunctive relief; or to request the circuit court to impose fines for contempt of court either against the association in an amount not to exceed $500 per day or any employe not to exceed $500 per day or any employe not to exceed $100 per day for any or all of the foregoing acts.

(5) Nothing in this section shall be construed to prohibit the parties from voluntarily agreeing to submit any or all of the issues in dispute to final and binding arbitration.

SECTION 8. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

Certificated personnel shall have the right to join or not to join any association for their professional or economic improvement.

SECTION 9. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

Expenses of advisors selected jointly by the board and the association and expenses of persons required to be appointed by the department of labor or the circuit court shall be shared equally by the board and the association. The board shall pay the expenses of any person it appoints or selects, and the association shall pay the expenses of any person it appoints or selects. Expenditures required under this Act are conclusively presumed to be for the direct benefit of the public schools and for a valid school purpose.

SECTION 10. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) Boards and associations reaching agreements, as described in Section 4(3), shall adopt a grievance procedure pursuant to Sections 11, 12 and 13 of this Act, or some other grievance procedure negotiated by the parties and contained in the agreement. The purpose of any such grievance procedure shall be to secure at the lowest possible administrative level, equitable solutions to the problems that may from time to time arise affecting the interpretation, meaning or application of the provisions of the agreement between the association and the board. The proceedings will be kept informal and confidential at any level of the procedure, but may be made public within three (3) days of the conclusion of the final arbitration.

(2) Nothing contained herein will be construed as limiting the right of any member having a grievance to discuss the matter informally with any appropriate member of the administration, and to have the grievance adjusted without intervention by the association.

(3) The grievance procedures contained in Sections 11, 12, and 13 of this Act shall not be applicable to any agreement unless specifically adopted by the terms of such agreement.

SECTION 11. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) Grievances must be processed as rapidly as possible and the timetable specified at each level is to be considered as a maximum. Every effort should be made to expedite the process but the time limits specified may be extended by mutual agreement. In the event a grievance is filed at such a time that it cannot be processed through all the steps in the grievance procedure by the end of the school year and, if left unresolved until the beginning of the following school year, could result in irreparable harm to a party in interest, the time

limits set forth herein shall be reduced so that the procedure will be exhausted prior to the end of the school year or as soon thereafter as is practicable. No grievance may be filed later than three (3) months after the event that allegedly caused it.

(2) Level One. A member with a grievance will first discuss it with his principal or immediate superior, either directly or through the association's designated grievance representative, with the objective of resolving the matter informally.

(3) Level Two.

(a) If the aggrieved person is not satisfied with the disposition of his grievance at Level One, or if no decision has been rendered within ten (10) school days after presentation of the grievance, he may file the grievance in writing simultaneously with the chairman of the grievance committee, as established by the association, and with the superintendent within five (5) school days after the decision at Level One or fifteen (15) school days after the grievance was presented, whichever is sooner.

(b) Within ten (10) school days after receipt of the written grievance by the superintendent, he will meet with the aggrieved person and a representative of the association in an effort to resolve it.

(4) Level Three.

(a) If the aggrieved person is not satisfied with the disposition of his grievance at Level Two, or if no decision has been rendered within ten (10) school days after he has first met with the superintendent, he may, within five (5) school days after a decision by the superintendent or fifteen (15) school days after he has first met with the superintendent, whichever is sooner, request in writing that the chairman of the grievance committee submit his grievance to arbitration. If the grievance committee determines that the grievance should be submitted to arbitration, the grievance committee may, by written notice to the superintendent within fifteen (15) school days after receipt of the request from the aggrieved person, submit the grievance to arbitration. If the grievance committee does not submit the grievance to arbitration, the aggrieved person may do so by written notice to the superintendent within five (5) school days after refusal to submit by the grievance committee. The arbitrator selected to hear the dispute shall first rule on the question as to whether the particular grievance involves the interpretation, meaning or application of any of the provisions of the agreement between the association and the board.

(b Within ten (10) school days after such written notice of submission to arbitration, the superintendent and the grievance committee shall attempt to agree upon a mutually acceptable arbitrator and to obtain a commitment from such arbitrator to serve. The aggrieved person shall take the place of the grievance committee when the grievance committee has declined to submit the grievance to arbitration. If the parties are unable to agree upon an arbitrator or to obtain such a commitment within the ten-day period, a request for a list of arbitrators may be made to the American arbitration association by either party. The parties will then be bound by the rules and procedures of the American arbitration association in the selection of an arbitrator.

(c) The arbitrator so selected will confer with the superintendent, the grievance committee, and the aggrieved person, hold hearings promptly, and issue his decision not later than twenty (20) days from the date of the close of the hearings or, if oral hearings have been waived, then from the date the final statements and proofs are submitted to him. The arbitrator's recommendations will be in writing and will set forth his findings of fact, reasoning and conclusions on the issues submitted. The arbitrator shall be without power or authority to make any decision that requires the commission of an act prohibited by law or that is violative of the terms of the agreement. The decision of the arbitrator will be submitted to the board and the association.

(d) In all arbitration hearings the procedural rules of the American arbitration association in effect at the time the grievance is originally filed shall be used to the extent that such rules do not conflict with this Act or the negotiated agreement.

(e) The costs for the services of the arbitrator, including per diem expenses, if any, and his travel and subsistence expenses and the cost of any hearing room shall be borne equally by the board and the association except when the aggrieved person pursues arbitration without the recommendations of the grievance committee. In such latter case the costs shall be borne equally by the board and the aggrieved person. All other costs shall be borne by the party incurring them.

SECTION 12. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) No reprisals of any kind will be taken by the superintendent or by any member or representative of the administration or the board against any aggrieved person, any party in interest, any grievance representative, any member of the grievance committee or any other participate in the grievance procedure by reason of such participation.

(2) A member may be represented at all stages of the grievance procedure by himself, or, at his option, by a grievance representative, selected by the association. The association or aggrieved party shall not be restricted in the selection of a grievance representative and it is not necessary that the person selected be a member of the association or an employe of the board. The association or aggrieved party may choose to change grievance representatives in moving from one (1) level of grievance procedure to another, provided the board is notified in writing of such change.

(3) References to the superintendent in Sections 4, 11, 12 and 13 shall be construed to include such other person or persons that the superintendent or board may designate as a representative for the purpose of carrying out the provisions of said sections.

(4) If a member is not represented by the association, the association shall have the right to present and state its views at all stages of the grievance procedure. When the association enters into the grievance procedure, it may present new facts but shall be restricted to the grievance as originally presented.

SECTION 13. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) If, in the judgment of the grievance committee, a grievance affects a group or class of members, the grievance committee may initiate and submit such grievance in writing to the superintendent directly and the processing of such grievance shall be commended at Level Two.

(2) If a grievance arises from action or inaction on the part of a member of the administration at a level above the principal or immediate superior, the aggrieved person shall submit such grievance in writing to the superintendent and the grievance committee directly and the processing of such grievance shall be commended at Level Two. The grievance committee may not process such a grievance if the aggrieved person does not wish to do so.

(3) Decisions rendered at Levels One and Two of the grievance procedure shall be in writing setting forth the decision and the reasons therefor and shall be transmitted promptly to all parties in interest and to the chairman of grievance committee. Decisions rendered at Level Three will be in accordance with the procedures set forth in Section 11 (4)(d).

(4) If it is necessary for a grievance representative, member of the grievance committee or other representative designated by the association to investigate a grievance or attend a grievance meeting or hearing during the school day, he will, upon reasonable notice to his principal or immediate superior by the chairman of the grievance committee, be released without loss of pay as reasonably necessary in order to permit participation in the foregoing activities so long as such activities do not unreasonably interfere with the normal school routines and business, provided, however, if the school administrator determines that such meeting unduly interferes with school business such meeting shall be held at a time other than normal school hours. Any member whose appearance in such investigations, meetings, or hearings as a witness is necessary will be accorded the same right.

(5) All documents, communications, and records dealing with the processing of a grievance will be filed in a separate grievance file and no record or notation of any kind, concerning a grievance, will be placed in the personnel file of any of the participants.

(6) Forms for filing grievances, serving notices, taking appeals, making reports and recommendations, and other necessary documents shall be prepared and distributed by the department of labor.

SECTION 14. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

The provisions of this Act shall not abridge the recognition of or agreement with any employe organization which is in effect at the effective date of this Act. Items which have been bargained between local boards and associations shall continue to be bargained in subsequent contracts.

SECTION 15. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

As used in this Act unless the context requires otherwise.

(2) "Certificated person" or "certificated personnel" means those persons, other than temporary substitutes, holding positions requiring certificates referred to in KRS 161.020 through 161.120 who are below the rank of superintendent, deputy superintendent, associate superintendent, and assistant superintendent and employed by the board.

(3) "Association" means an organization composed of personnel employed by the board and holding positions for which certificates are required. The certificated personnel who are members of such "association" may be all "teachers," all "administrators," or both.

(4) "Members" or "membership" means only those persons belonging to an association who are certificated personnel and who are in good standing with the association.

(5) "Administrator" means a certificated person who devotes the majority of his employed time to service as a principal, assistant principal, supervisor, coordinator, director, assistant director, administrative assistant, finance officer, or school business administrator, or who holds a position in which he evaluates or supervises teachers or recommends personnel for employment or discharge.

SECTION 2. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) On or after the effective date of this Act in each school district where at least one association exists, the board shall accept written requests for recognition from associations in the district seeking to be exclusive representative of all certificated personnel, all teachers, or all administrators in the district for purposes of collective bargaining.

(2) Associations seeking recognition by the board must submit as a part of the written request for recognition, an affidavit stating:

(a) That the request is on behalf of the membership of the association. If the request is from an association composed of both teachers and administrators, the affidavit shall state whether or not separate bargaining rights are desired by a teacher unit, an administrator unit, or both, as set forth in subsection (3) of this section.

(b) That to the best of its knowledge and belief, the association is the certified representative of more than fifty percent (50%) of certificated personnel or teachers or administrators as the case may be, employed within the district by the board.

(c) The total number of members of the association, as verified by a certified public accountant.

(d) That the certificated personnel voted by secret ballot pursuant to reasonable notice to all members in good standing to determine whether whether or not the association should request the board to recognize the association as the exclusive representative of all certificated personnel, all teachers, or all administrators in the district for purposes of collective bargaining.

(e) That the results of the vote indicated that a majority of the certificated personnel voted in favor of said representation.

(3) Teachers and administrators may bargain through separate associations or they may bargain jointly or separately through a single association to which all certificated personnel are eligible to belong.

(4) If separate bargaining rights are desired within an association to which all certificated personnel are eligible to belong, a teacher unit, an administrator unit, or both may be organized within the structure of the association. The association shall in such event include in its request for recognition a statement informing the board that a teacher unit, an administrator unit, or both shall require separate bargaining rights and that the basis for separate bargaining rights is a majority vote of members of the teacher unit or the administrator unit or both.

(5) Upon receipt of a request for recognition the board shall notify the chief elected officer of each association in the school district of the request in writing by certified mail and shall grant such associations the right to challenge any request prior to recognition of an association by the board. Challenges must be submitted within fifteen (15) calendar days from receipt of notice from the board and such challenge must be in the form of a request. A request shall be accompanied by either a verified statement by a Certified Public Account listing the total number of members in the challenging association, the fact that the members are in good standing and the fact that they constitute twenty-five percent (25%) of the certificated personnel in the challenged unit or accompanied by a petition requesting a secret ballot election signed by twenty-five percent (25%) of the certificated personnel in the unit. Even though the original request for recognition is for

recognition for both a teacher unit and an administrator unit, the challenge may be directed to one or the other.

(6) If the board receives only one request for recognition, the board shall, at a time no later than its next regular meeting, issue a written statement of recognition to the association, establishing such association as the exclusive representative of all certificated personnel, all teachers, or all administrators in the district, as the case may be, for purposes of professional negotiation; provided, however, that in the event the board in good faith questions whether or not the association represents more than fifty percent (50%) of certificated personnel, or teachers or administrators, as the case may be, employed within the district by the board, the board shall not be required to issue its statement of recognition to the association unless and until such percentage representation has been verified by the department of labor, and when a teacher unit or an administrator unit qualifies for separate negotiating rights within an association, the written statement of recognition to the association shall so state.

(7) If the board receives a challenge and request for secret ballot election for recognition of an association as representative of all certificated personnel in the teacher unit or administrator unit or both, the board shall verify that the challenge is accompanied by the requisite number of members or signatures in the challenged unit only as required under subsection (5) above. Verification shall be completed within a period of ten (10) days after the receipt of challenge. Upon completion of the verification, the board shall fix a date for the secret ballot election which date shall not be later than thirty (30) days from the date of completion of verification. The election shall be conducted during school hours on school premises in accordance with regulations promulgated by the department of labor who shall be guided in promulgation by the standards for the conduct of elections followed by the national labor relations board and its rules so promulgated shall not be in conflict therewith. The cost of said secret ballot election shall be borne equally by the participating associations whose names shall be listed on the ballot in alphabetical order together with a separate listing for "no association". If more votes are cast for no association than for exclusive representative of the certificated personnel in the unit than no association shall be permitted to petition for such recognition, regardless of membership, for a period of twenty-four (24) months from the date on which said secret ballot election was held. In the event one of the associations listed on the ballot has a plurality of ballots cast, that association shall be certified as the exclusive representative for all of the certificated personnel in the unit and shall remain the exclusive representative for a period of thirty-six (36) months from June 30 following the date of said election and no other qualification shall be required for such period.

(8) Written statements of recognition shall become part of the official minutes of the board.

SECTION 3. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

The term of a collective bargaining agreement shall be negotiated by a board and an association, but in no case shall the term of the agreement extend beyond the period of recognition. The recognition shall continue for an additional three (3) years unless a challenge is received within sixty (60) calendar days. If no challenges to the request for renewal are received by the board, the board shall at a time no later than ten (10) days or not later than its next regular meeting, whichever is earlier, issue a written statement of recognition. If the request for renewal is challenged, the board shall follow procedures set forth in subsections (7) and (8) of Section 2 of this Act.

(2) Thereupon, the board shall issue a statement of recognition to the proper association as set forth in subsection (1) of this section and subsections (7) and (8) of Section 2 of this Act.

(3) The association and the board shall, at all times, bargain with each other in good faith. A sincere effort shall be made by both parties to overcome obstacles to agreements in the bargaining process.

SECTION 6. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) Collective bargaining in a school district shall occur when the recognized association or the board requests. Such bargaining shall be completed within ninety (90) calendar days of the original request or by an earlier date if agreed to by the recognized association and the board. If agreement upon the matter being negotiated has not been reached by the end of the end of the ninety (90) day period, or by the date agreed upon by the association and the board, an impasse shall be presumed to exist, and the procedure for resolving an impassed as outlined in Section 7 of this Act shall be employed. Either party may, when acting in good faith, declare an impasse to exist at any state of bargaining.

Unless both parties agree to a longer period, the mediator shall have fifteen (15) calendar days in which to assist the parties in reaching agreement on the matter that has led to impasse.

(2) If the mediator's efforts do not result in the parties reaching agreement, the second step for resolving impasse shall commence in the following manner: The board and the recognized association shall within ten (10) calendar days from the expiration of the mediator's working period each select one (1) person to serve on a fact finding committee. A third person who shall serve as committee chairman shall be selected jointly by the other two (2) committee members. No committee member shall be a member of the board or the association. SECTION 10. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) Boards and associations reaching agreements, as described in Section 4(3), shall adopt a grievance procedure pursuant to Sections 11, 12 and 13 of this Act, or some other grievance procedure negotiated by the parties and contained in the agreement. The purpose of any such grievance procedure shall be to secure at the lowest possible administrative level, equitable solutions to the problems that may from time to time arise affecting the interpretation, meaning or application of the provisions of the agreement between the association and the board. The proceedings will be kept informal and confidential at any level of the procedure, but may be made public within three (3) days of the conclusion of the final arbitration.

(2) Nothing contained herein will be construed as limiting the right of any member having a grievance to discuss the matter informally with any appropriate member of the administration, and to have the grievance adjusted without intervention by the association.

(3) The grievance procedures contained in Sections 11, 12 and 13 of this Act shall not be applicable to any agreement unless specifically adopted by the terms of such agreement.

SECTION 11. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

(1) Grievances must be processed as rapidly as possible and the timetable specified at each level is to be considered as a maximum. Every effort should be made to expedite the process but the time limits specified may be extended by mutual agreement. In the event a grievance is filed at such a time that it cannot be processed through all the steps in the grievance procedure by the end of the school year and, if left unresolved until the beginning of the folllowing school year, could result in irreparable harm to a party in interest, the time limits set forth herein shall be reduced so that the procedure will be exhaused prior to the end of the school year or as soon thereafter as is practicable. No grievance may be filed later than three (3) months after the event that allegedly caused it.

(2) Level One. A member with a grievance will first discuss it with his principal or immediate superior, either directly or through the association's designated grievance representative, with the objective of resolving the matter informally.

(3) Level Two.

(a) If the aggrieved person is not satisfied with the disposition of his grievance at Level One, or if no decision has been rendered within ten (10) school days after presentation of the grievance, he may file the grievance in writing simultaneously with the chairman of the grievance committee, as established by the association, and with the superintendent within five (5) school days after the decision at Level One or fifteen (15) school days after the grievance was presented, whichever is sooner.

The aggrieved person shall take the place of the grievance committee when the grievance committee has declined to submit the grievance to arbitration. If the parties are unable to agree upon an arbitrator or to obtain such a commitment within the ten-day period, a request for a list of arbitrators may be made to the American arbitration association by either party. The parties will then be bound by the rules and procedures of the American arbitration association in the selection of an arbitrator.

(c) The arbitrator so selected will confer with the superintendent, the grievance committee, and the aggrieved person, hold hearings promptly, and issue his decision not later than twenty (20) days from the date of the close of the hearings or, if oral hearings have been waived, then from the date the final statements and proofs are submitted to him. The arbitrator's recommendations will be in writing and will set forth his findings of fact, reasoning and conclusions on the issues submitted. The arbitrator shall be without power or authority to make any decision that requires the commission of an act prohibited by law or that is violative of the terms of the agreement. The decision of the arbitrator will be submitted to the board and the association.

(d) In all arbitration hearings the procedural rules of the American arbitration association in effect at the time the grievance is originally filed shall be used to the extent that such rules do not conflict with this Act or the negotiated agreement.

(e) The costs for the services of the arbitrator, including per diem expenses, if any, and his travel and subsistence expenses and the cost of any hearing room shall be borne equally by the board and the association except when the aggrieved person pursues arbitration without the recommendations of the grievance committee. If the board refuses to issue a license to any applicant the initial fee deposited shall be retained as an application fee. [The annual renewal fee shall not exceed ten dollars.]

Section 8. KRS 322.120 is amended to read as follows:

The board may, upon application and payment of a fee not exceeding *seventy-five* [thirty-five] dollars *($75),* issue a license to any person who holds a certificate of qualification or registration issued to him by proper authority of the National Council of Engineering Examiners, the National Engineering Certification Committee or any state of the United States or any country, if the requirements under which the certificate of qualification or registration was issued do not conflict with this chapter and are of a standard not lower than those provided in KRS 322.040. [The annual renewal fee shall not exceed ten dollars.]

(2) The board may make all regulations governing the matter of reciprocity with other states and countries.

Section 9. KRS 322.160 is amended to read as follows:

(1) The secretary-treasurer of the board shall notify every licensee of the date of the expiration of his license and the amount of the fee required for its renewal for one (1) year. Such notice shall be mailed at least one (1) month in advance of the expiration date. Renewals may be effected at any time during June by the payment of a fee not exceeding *twenty* [ten] dollars *($20)* [($10.00)]. The failure of any licensee to renew his license annually in June shall not deprive him of the right of renewal, but the fee to be paid for the renewal of a license after June shall be increased ten per cent (10%) for each month or fraction of a month that payment of renewal is delayed. But the maximum fee for delayed renewal shall not exceed twice the normal renewal fee. Any person who fails to renew his license within one (1) year after expiration shall furnish the board with satisfactory evidence that he is of good character and reputation and has continued to uphold the ethics of the profession.

(2) All persons who are required to pay renewal fees to the board [as licensed engineers] shall not be required to pay such fees during the time such persons are actively serving in the armed forces of the United States. Any person who has previously paid any renewal fee covering a period during which he was actively serving in the armed forces of the United States shall, upon filing with the board a copy of his discharge, be granted a renewal license without the payment of any fee. The free renewal shall be for as many license years as were served by the licensee in the armed forces and which were covered in whole or in part by the previous payment of a renewal fee.

Section 10. KRS 322.420 is amended to read as follows:

(1) All applications for licensing and registration as a land surveyor shall be made upon forms to be

provided by the board and shall be signed and sworn to by the applicant. In addition to such other information as the board may require, all applications shall contain a statement of the applicant's educational attainments and record of experience. References shall be furnished therein to not less than five persons possessing direct personal knowledge of the experience and work done by the applicant, at least three of whom shall be registered land surveyors. Applications shall be filed with the secretary to the board and shall be accompanied by an application fee, to be fixed by the board, in an amount not to exceed *($75)* [$50]. In the event that the board shall, for good cause, deny the application, the fee accompanying the same shall be retained by the board to cover the cost of investigating and processing the same.

(2) [Licenses for land surveyors shall expire on the last day of June of each year. All certificates shall be renewed upon the payment to the board, not to exceed the sum of $10. Any person previously licensed who shall fail to obtain a renewal of his license on or prior to July 1st shall be automatically suspended from the further practice of land surveying. Any licensed land surveyor whose license has expired or who has been suspended from the practice by action of the board may be reinstated upon such conditions as the board may by regulation prescribe, including the payment of such additional fees as may be provided in such regulations.

The motion that the House concur in the Senate Amendment to **HCR 20** was adopted.

Representative Clarke requested that his words in explaining his vote on **HJR 20** be spread upon the Journal.

The rules of the House were not suspended. The question of the germaness of an amendment is not directly addressed in the Rules but in the absence of a specific rule Mason's manual controls. Rule 73.

Mason's manual section 402 (3) states, "To be germane, the amendment is required only to relate to the same subject. It may entirely change the effect of the motion or measure and still be germane to the subject."

Section 402 (4), "An entirely new proposal may be substituted by amendment so long as it is germane to the main purpose of the original proposal."

Further, section 731 (3) of Mason's states, "A bill after passing the house, may be materially amended in the other and passed as amended, this practice being in accordance with Common legislative procedure; and the amendments may take the form of the substitution of an entirely new bill for the bill introduced, *so long as the subject of the bill is not changed.*"

House Resolution 20 relates to Military Service Credit for retirement and the attempted amendment is clearly not germane.

Representative Benson requested that his explanation of his vote on HJR 20 be spread upon the Journal.

Each house of the legislature has power to correct its journals so as to make them speak the truth at any time before final adjournment.

When a bill is withdrawn, the situation is as though the bill had never been before the house, and the same bill or a similar bill may be again introduced.

Representative Mann requested that his remarks in explaining his vote on **HJR 20** be spread upon the Journal.

Mr. Speaker, Ladies and Gentlemen of the House:

I would like to begin to explain my vote against rescinding the Equal Rights Amendment by quoting someone I respect very much, Father Theodore Hesburgh, President of Notre Dame University.

> "Ratification of the Equal Rights Amendment would demonstrate that we are a Nation truly committed to equality. Ratification would go far toward insuring that sex like other immutable and irrelevant characteristics play no part in determining individual worth or opportunity."

I would like to close by explaining my vote to two little boys in Newport, who someday may want to know what I did as a legislator.

Sons, I sponsored many bills. I've voted for and against many pieces of legislation. But, in the final analysis I want you to know that when your father had the opportunity, he voted to uphold the ideas and ideals he felt this country was founded on.

I wish these remarks to be spread upon the Journal.

"Section 2. KRS 379.080 is amended to read as follows:

(1) If the assignor reserves any of his property as exempt, the court shall appoint three competent and disinterested housekeepers, who, after being first duly sworn, shall set apart to the debtor the property exempt, and within ten days thereafter the assignee shall file a report thereon. Exceptions may be filed to the report by any person in interest but not later than the sixty days after the report has been filed. The court shall hear and dispose of any exceptions and if none are filed it shall confirm the report.

(2) If land is exempt, an order shall be entered directing the assignee to employ, if necessary, a competent surveyor to lay off by metes and bounds the homestead exemption as set apart by the appraisers. The court may, with the consent of the assignor, and if it appears best for the interest of the creditors, or if the land is not divisible without impairing its value, order the property sold and the value of the homestead, not exceeding *three* [one] thousand dollars *($3,000),* paid to the assignor.

Section 3. KRS 427.060 is amended to read as follows:

In addition to any exemption of personal property, land, including the dwelling house and appurtenances, not exceeding *three* [one] thousand dollars *($3,000)* in value, owned by any bona fide housekeeper with a family resident in this state, is exempt from sale under execution, attachment or judgment, except to foreclose a mortgage given by the owner of a homestead or for purchase money due thereon. This exemption shall not apply if the debt or liability existed prior to the purchase of the land or the erection of the improvements thereon.

Section 4. KRS 427.080 is amended to read as follows:

(1) No sale under execution, attachment or judgment of land occupied as a homestead shall be had until the officer executing the writ or judgment has the part thereof selected by the defendant as his homestead

exemption, not to exceed *three* [one] thousand dollars *($3,000)* in value, valued under oath and set apart to him by two disinterested housekeepers of the county. These appraisers shall be selected by the court or officer, and if they disagree the officer making the sale shall act as umpire.

(2) The valuation shall be in writing and signed by the person making it and returned to the court. The officer shall refer to and explain the proceedings in his return on the execution, which shall be recorded in full.

Section 5. KRS 427.090 is amended to read as follows:

If the defendant in the execution, attachment or other action owns real property levied on or sought to be subjected to the payment of any debt or liability, which, in the opinion of the appraisers, is of greater value than *three* [one] thousand dollars *($3,000)* and not divisible without great diminution in value, the property shall be sold and *three* [one] thousand dollars *($3,000)* of the money arising from the sale paid to the defendant to enable him to purchase another homestead. The land shall not be sold for less than *three* [one] thousand dollar *($3,000)*."

Except as provided in section 376.195, the lien shall be for the full contract price of the labor, materials and supplies furnished, and shall be superior to all other liens thereafter created.

(2) Any person undertaking or expecting to furnish labor, materials or supplies as provided in this section may acquire the lien herein provided by filing in the clerk's office of each county in which he has undertaken to furnish labor, materials or supplies, except as provided in subsection (3), a statement in writing that he has undertaken and expects to furnish labor, materials or supplies and the price at which they are to be furnished, and the lien for labor, material or supplies furnished thereafter shall relate back and take effect from the date of the filing of the statement. In all cases of original construction the liens shall be prior to all liens theretofore or thereafter created on the part so constructed and on no other part.

(3) In all cases where the labor, materials or supplies are furnished for the improvement of any public highway or other public property owned by the state or by any county or city, the statement shall be filed in the county clerk's office of the county in which is located the seat of government of the owner of the property improved, and the lien shall attach only to any unpaid balance due the contractor for the improvement from the time a copy of the statement, attested by the county clerk, is delivered to the owner or the owner's authorized agent with whom the contract for improving the public highway or other public property was made."

(5) If the owner of real estate which may have been sold under the provisions of this chapter die during infancy; or being incompetent, die intestate; and upon privy examination as is authorized by this chapter, or without disposing in the manner authorized by law of the property in which the proceeds may have been invested, the person who would have been entitled to the property, if it had not been sold, shall be entitled to the proceeds, or to the property in which they have been invested.

(6) All persons interested in the property must be made parties; and, if objection to the sale be made by a defendant having a joint interest, his share shall not be sold, but the property may be divided, and a sale of the shares of those desiring it may be ordered, if such division and sale can be made without materially impairing the value of the property or of the plaintiff's interest therein.

(3) The court, on the petition of a parent or guardian of the minor or of the minor, if he has attained the age of fourteen (14) years, may order the custodian to pay over to the minor for expenditure by him or to expend so much of or all the custodial property as is necessary for the minor's support, maintenance or education.

(10) If the subject of the gift is a life insurance policy or annuity contract, the custodian:

(2) The designation of a successor custodian as provided in subsection (1) takes effect as to each item of the custodian property when the custodian resigns, dies or becomes legally incapacitated and the custodian or his legal representative:

(a) causes the item, if it is a security in registered form or a life insurance policy or annuity contract, to be registered, with the issuing insurance company in the case of a life insurance policy or annuity contract, in the name of the successor custodian, followed, in substance, by the words: "as custodian for ---------- (Name of minor) under the Kentucky Gifts to Minors Act"; and

The commission shall promptly hear the matter de novo and issue its order directing the official registrar to register or not to register as it may be determined by the commission.

HB 358, AN ACT relating to workmen's compensation.
Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 342.120 is amended to read as follows:

(1) A claimant may in the original application for benefits, or either party may by motion while the case is pending, accompanied by proper allegations, and the board shall upon its own motion at any time before the rendition of the final award, cause the Special Fund to be made a party to the proceedings if either or both of the following appears:

(a) The employe is disabled, whether from a compensable injury, occupational disease, pre-existing disease, or otherwise, and has received a subsequent compensable injury by accident, or has developed an occupational disease;

(b) The employe is found to have a dormant non-disabling disease or condition which was aroused or brought into disabling reality by reason of a subsequent compensable injury by accident or an occupational disease.

(2) When the Special Fund has been made a party the board shall direct the procedures provided in KRS 342.121.

(3) If it is found that the employe is a person mentioned in paragraphs (a) or (b) of subsection (1) and a subsequent compensable injury or occupational disease has resulted in additional permanent disability so that the degree of disability caused by the combined disabilities is greater than that which would have resulted from the subsequent injury or occupational disease alone, and the employe is entitled to receive compensation on the basis of the combined disabilities, the employer shall be liable only for the degree of disability which would have resulted from the latter injury or occupational disease had there been no pre-existing disability or dormant, but aroused disease or condition.

(4) The remaining compensation for which such resulting condition would entitle the employe, including any compensation for disability resulting from a dormant disease or condition aroused into disabling reality by the injury or occupational disease, but excluding all compensation which the provisions of this chapter would have afforded on account of prior disabling disease or injury had it been compensated thereunder, shall be paid out of the Special Fund provided for in KRS 342.122. Such remaining compensation shall be paid directly to the employe by the carrier or self-insured employer who is liable for compensation under subsection (3) of this section, and the carrier or self-insured employer shall be reimbursed for such payments from the Special Fund on a quarterly basis and under such regulations as the board may provide for such purpose.

(5) If it is found that the employe is a person mentioned in paragraphs (a) or (b) of subsection (1), and a subsequent compensable injury or occupational disease has resulted in additional permanent disability, so that the degree of disability caused by the combined disabilities is greater than that which would have resulted from the subsequent injury or occupational disease alone, and the employe is entitled to receive compensation on the basis of the combined disabilities, and when applying the formula for income benefits to the employer's and Special Fund's percentage of disability, and the income benefits exceed the limitation contained in KRS 342.740, then in that event the Special Fund's and employer's liability shall be reduced proportionately to the point where the shares of each, when combined, do not exceed the limitation established by KRS 342.740.

Section 2. KRS 342.122 is amended to read as follows:

(1) "Adjusted cost" as used in this section and in KRS 342.745 means all compensation, hospital and medical benefits paid thereunder, plus an additional factor of twelve percent (12%) of such total payments, to cover the administrative cost of the employer. However in no event shall "adjusted cost" be less than *ten* [fifty] percent *(10%)* [(50%)] of the basic insurance premium computed by applying current manual rates for workmen's compensation insurance to the payroll of every employer carrying his own risk and for this purpose each such employer shall annually furnish payroll data to the department of revenue. "Adjusted cost" shall not include amounts paid for injuries occurring prior to March 22, 1962.

(2) In addition to the taxes and assessments imposed by KRS 342.450 and 342.475, a Special Fund tax at the rate of three-fourths (3/4) of one percent (1%) of the amount of premiums received shall be paid by every insurance carrier as defined in KRS 342.445, subject to the credits therein set out, and the department of revenue shall assess against the "adjusted cost" of every employer carrying his own risk a special fund tax computed by taking three-fourths (3/4) of one percent (1%) of the "adjusted cost" determined as provided in KRS 342.475. The provisions of KRS 342.450, 342.455, 342.460, 342.465 and 342.470 shall, so far as applicable, also apply to the levy and collection of such additional tax of three-fourths (3/4) of one percent (1%) of such premiums of insurance carriers.

(3) All taxes and assessments imposed by subsection (2) of this section shall be paid into the state treasury and shall be credited to the special fund for the board, which fund shall be used only for the payment of awards of compensation made by the board and chargeable against said fund, expenses of legal representation thereof, fees and expenses of the physicians in connection therewith, and shall be withdrawn for that purpose under the supervision of the commissioner of labor.

(4) Any sum remaining in the special fund at the end of any fiscal year shall be set up by the executive department for finance and administration to the credit of such fund for the next ensuing fiscal year.

(5) If the commissioner of labor finds that the special fund tax levied pursuant to this section is insufficient to pay such claims awarded under the special fund provisions, he shall advise the commissioner of revenue in writing of such fact. The commissioner of revenue may then levy additional assessments against all insurance companies writing workmen's compensation insurance in Kentucky, including every employer carrying his own risk. The amount of each insurance company's assessment shall be in the proportion that each company's annual workmen's compensation premium writings in Kentucky bears to the total of all annual workmen's compensation premiums written in Kentucky. Such assessment will be based upon information contained in the insurance company's last filed annual statement with the Department of Insurance. Such assessments against every employer carrying his own risk will be based upon that proportion which the "adjusted cost" of such own risk carrier bears to the total "adjusted cost" of all such own risk carriers. "Adjusted cost" reports filed with the board in accordance with KRS 342.475 will be the basis of such determination. Such additional assessment against insurance companies and employers carrying their own risk shall be apportioned between the two classes as the total of premiums and the total of "adjusted cost" each bears to the combined total.

(6) Except for a two percent (2%) collection fee allowance, all monies charged the insured for assessments and taxes under this chapter and KRS Chapter 136 shall be paid into the state treasury and credited to the appropriate fund for which said assessment or tax is charged. In no case shall the monies turned over be less than ninety-eight percent (98%) of the monies charged.

(7) The fund heretofore designated as the subsequent claim fund is abolished and there is substituted therefor the special fund as herein set out and all monies and properties owned by the subsequent claim fund are transferred to the special fund.

Section 3. KRS 342.620 is amended to read as follows:

As used in this chapter unless the context otherwise requires:

(1) "Injury" means any work related harmful change in the human organism, including damage to or loss of a prosthetic appliance, but does not include any communicable disease unless the risk of contracting such disease is increased by the nature of the employment. "Injury" when used generally, unless the context indicates otherwise, shall include an occupational disease.

(2) "Occupational disease" means a disease arising out of and in the course of the employment.

(a) A disease shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease, and which can be seen to have followed as a natural incident to the work as a result of the exposure occasioned by the nature of the employment and which can be fairly traced to the employment as the proximate cause. The disease shall be incidental to the character of the business and not independent of the relationship of employer and employe. The disease need not have been forseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence.

(b) "Injurious exposure" as used in KRS 342.316 shall mean that exposure to occupational hazard which would, independently of any other cause whatsoever, produce or cause the disease for which claim is made.

(3) "Death" means death resulting from an injury or occupational disease.

(4) "Carrier" means any insurer, or legal representative thereof, authorized to insure the liability of employers under this chapter and includes a self-insurer.

(5) "Self-insurer" is an employer who has been authorized under the provisions of this chapter to carry his own liability on his employes covered by this chapter.

(6) "Department" means the department of labor.

(7) "Director" means the director of the workmen's compensation board.

(8) "Board" means the workmen's compensation board.

(9) "Disability" means, except for purposes of KRS 342.730(1) (c) relating to scheduled losses, a decrease of wage earning capacity due to injury or loss of ability to compete to obtain the kind of work the employe is customarily able to do, in the area where he lives, taking into consideration his age, occupation, education, effect upon employe's general health of continuing in the kind of work he is customarily able to do, and impairment or disfigurement. [A person who has lost wages by reason of his disability, and who is otherwise eligible for compensation, is entitled to compensation during the compensable period in an amount equal to the wages lost, so long as this amount does not exceed the applicable maximum compensation. For purposes of determining wages lost under this section, it is assumed that wage earning capacity prior to injury is the average weekly wage as calculated under KRS 342.140. An individual entitled to benefits under permanent partial disability shall be entitled to either his lost wages due to his injury, or body functional disability benefits, whichever is greater.]

(10) "Income benefits" means payments made under the provisions of this chapter to the disabled worker or his dependents in case of death, excluding medical and related benefits.

(11) "Medical and related benefits" means payments made for medical, hospital, burial and other services as provided in this chapter other than income benefits.

(12) "Compensation" means all payments made under the provisions of this chapter representing the sum of income benefits and medical and related benefits.

(13) "Medical services" means medical, surgical, dental, hospital, nursing and medical rehabilitation services, medicines, and fittings for artificial or prosthetic devices.

(14) "Person" means any individual, partnership, firm, association, trust, joint venture, corporation, or legal representative thereof.

(15) "Wages" means, in addition to money payments for services rendered, the reasonable value of board, rent, housing, lodging, fuel or similar advantages received from the employer, and gratuities received in the course of employment from others than the employer as evidenced by the employe's federal and state tax returns.

(16) "Agriculture" means the operation of farm premises, including the planting, cultivation, producing, growing, harvesting and preparation for market of agricultural or horticultural commodities thereon, the raising of livestock for food products and for racing purposes, and poultry thereon, and any work performed as an incident to or in conjunction with such farm operations. It shall not include the commercial processing, packing, drying, storing, or canning of such commodities for market, or making cheese or butter or other dairy products for market.

(17) "Beneficiary" means any person who is entitled to income benefits or medical and related benefits under this chapter.

(18) "United States" when used in a geographic sense, means the several states, the District of Columbia, the commonwealth of Puerto Rico, the Canal Zone, and the territories of the United States.

(19) "Alien" means a person who is not a citizen, a national or a resident of the United States or Canada. Any person not a citizen or national of the United States who relinquishes or is about to relinquish his residence in the United States shall be regarded as an alien.

(20) Except as otherwise provided in KRS 342.750, the formula for income benefits shall be 66-2/3 percent of the average weekly wages of the employe at the time of his injury, multiplied by the percentage of disability caused by the injury or occupational disease, subject to the limitation contained in KRS 342.740. Income benefits shall be payable during the apoplicable compensable period which is either (a) the specified number of weeks, or (b) the period of occupational disability during which the employe is disabled, or (c) where death results from the injury, the period during which the deceased's dependents qualify as such, or (d) where death is unrelated to the injury, the period during which the deceased's dependents qualify as such or during the period of the deceased's normal life expectancy, whichever is less.

Section 4. KRS 342.730 is amended to read as follows:

(1) Income benefits for disability shall be paid to the employe as follows, subject to the maximum and minimum limits specified in KRS 342.740:

(a) For total disability, 66 2/3 per cent of his average weekly wage during such disability.

(b) In all other cases of permanent partial disability, including any disfigurement which will impair the future usefulness or occupational opportunities of the injured employe, or employe disabled by an occupational disease, income benefits shall be determined according to the percentage of disability, taking into account, among other things, any previous disability, the nature of the physical injury or disfigurement, the occupation of the injured employe and age at the time of injury or at the time the disability from an occupational disease began. The income benefits paid therefor shall be 66 2/3 per cent of the average weekly earnings of the employe at the time of his injury , subject to the limitations contained in KRS 342.740, multiplied by the percentage of disability caused by the injury or occupational disease. [; provided, however, the individual entitled to benefits under permanent partial disability shall be entitled to income benefits based on lost wages or body functional disability benefits, whichever is greater] Notwithstanding any section of KRS Chapter 342 to the contrary, there shall be no minimum weekly income benefit for permanent partial disability.

(c) For total permanent bodily loss or losses herein scheduled, after and in addition to the income benefits payable during the period of recovery, scheduled income benefits in the amount of 66 2/3 per cent of the average weekly wage as follows:

14. Fifth toe	5
15. Total loss of binaural hearing	156
16. Total loss of vision of one eye	150
17. Total loss of bilateral vision	520
18. Total loss, or total loss of use, of both hands, both arms, both feet or both legs	520

19. Phalanges: For loss of distal phalanx, one-half of the income benefits for loss of the entire digit. For loss of more than the distal phalanx of a digit, the same as loss of the entire digit.

20. Two or more digits: For loss of two or more digits, or one or more phalanges of two or more digits, of a hand or foot, scheduled income benefits may be proportioned to the loss of use of the hand or foot occasioned thereby, but shall not exceed the scheduled income benefits for loss of a hand or foot.

21. Total loss of use: Scheduled income benefits for permanent total loss of use of a member shall be the same as for loss of the member.

22. Partial loss or partial loss of use: Scheduled income benefits for permanent partial loss of use of a member shall be for a period proportionate to the period benefits are payable for total loss or total loss of use of the member as such partial loss bears to total loss.

23. Loss of hearing or partial loss of bilateral vision: Scheduled income benefits for partial loss of vision in one or both eyes, or total loss of hearing in one ear, or partial loss of hearing in one or both ears shall be for a period proportionate to the period benefits are payable for total bilateral loss of vision or total binaural loss of hearing as such partial loss bears to total loss. The provisions of paragraphs (d) to (h) of subsection (2) of this section shall apply to scheduled losses of hearing.

24. In any case in which there shall be a loss or loss of use of more than one member or parts of more than one member set forth in subparagraphs 1. to 23. of this subsection, scheduled income benefits shall be for the loss of use of each such member or part thereof, with the periods of benefits to run consecutively.

25. Other losses: Proper and equitable scheduled income benefits shall be paid for serious permanent disfigurement of face, head, neck or other area normally exposed and for loss or loss of function of a major member or organ when such disfigurement or loss is of a kind likely to handicap the employe in securing or holding employment.

26. In any case of total or partial loss of use of a member or organ, of hearing or vision, or in any case of disfigurement, determination of the period for which scheduled income benefits are payable shall not be made until the maximum of healing and of restoration function has been attained.

27. If the effects of any of the injuries, or disabilities, from occupational diseases, or losses, mentioned in this section adversely affect a workman's ability to labor, or limit his occupational opportunities to obtain the kind of work he is customarily able to do; his compensation benefits shall not be limited to the amounts provided by this section, and he shall be awarded compensation benefits under some other applicable or appropriate section of this chapter which would provide more compensation benefits for his disability.

(2) Occupational deafness means permanent partial or permanent total loss of hearing of one or both ears caused by prolonged exposure to harmful noise in employment. The following provisions shall apply exclusively to loss of hearing compensable under this subsection:

(a) No claim for scheduled income benefits shall be heard until the lapse of six full consecutive calendar months after the termination of exposure to harmful noise in employment. The time limitation for the filing of claims for occupational deafness shall not begin to run earlier than the day following the termination date of such six months' period. The time for filing claim as provided under this paragraph shall be applicable not only in respect of the last employer, but also in respect of any prior employer who may have liability to pay compensation for the occupational deafness.

(b) No employer shall be liable for the payment of scheduled income benefits for occupational deafness unless the employe claiming benefits shall have worked for such employer in employment exposing the employe to harmful noise for a total period of at least 90 days.

(c) An employer, otherwise liable under this subsection, whose employment has contributed to any extent to an employe's occupational deafness shall be liable for the full extent of the deafness of the employe, unless such employer shall establish by competent evidence (including the results of a professionally controlled hearing test) the extent of the employe's deafness as it existed prior to exposure to harmful noise in the employer's employment. Upon such showing the employer shall be liable to the employe only for the proportion of the deafness attributable to employment by him. An employer liable to the employe for the full extent of the employe's occupational deafness may implead, in a compensation proceeding on the employe's claim, any prior employer or employers in whose employment the employe had been exposed to harmful noise, and if it should be found that the impleaded employer would have been liable to the employe under this subsection, had the employe proceeded against him, under the claim being adjudicated, the employer held liable shall be entitled to an award against the impleaded employer. The impleading of an employer shall be accomplished by notice on a form prescribed by the board. Such notice shall be sent to the impleaded employer and to the board. An award may be made in favor of the employer liable to the employe, and against the impleaded employer or employers, which award may be enforced in the same manner as awards to employes. The impleaded employer or employers shall bear equal shares with the employer of the employer's liability to the employe, unless the evidence warrants a different apportionment.

(d) Losses of hearing due to industrial noise for compensation purposes shall be confined to the frequencies of 500, 1,000, and 2,000 cycles per second. Loss of hearing ability for frequency tones above 2,000 cycles per second are not to be considered as constituting disability for hearing.

(e) The percent of hearing loss, for purposes of the determination of compensation claims for occupational deafness, shall be calculated as the average, in decibels, of the thresholds of hearing for the frequencies of 500, 1,000, and 2,000 cycles per second. Pure tone air conduction audiometric instruments, approved by nationally recognized authorities in this field, shall be used for measuring hearing loss. If the losses of hearing average 15 decibels or less in the three frequencies, such losses of hearing shall not then constitute any compensable hearing disability. If the losses of hearing average 82 decibels or more in the three frequencies, then the same shall constitute and be a total or 100 percent compensable hearing loss.

(f) In measuring hearing impairment, the lowest measured losses in each of the three frequencies shall be added together and divided by three to determine the average decibel loss. For every decibel of loss exceeding 15 decibels an allowance of one and one-half percent shall be made up to the maximum of 100 percent which is reached at 82 decibels.

(g) In determining the binaural percentage of loss, the percentage of impairment in the better ear shall be multiplied by five. The resulting figure shall be added to the percentage of impairment in the poorer ear and the sum of the two divided by six. The final percentage shall represent the binaural hearing impairment.

(h) Before determining the percentage of hearing impairment, in order to allow for the average amount of hearing loss from non-occupational causes found in the population at any given age, there shall be deducted from the total average decibel loss, one-half decibel for each year of the employe's age over 40 at the time of last exposure to industrial noise.

(i) No consideration shall be given to the question of whether or not the ability of an employe to understand speech is improved by the use of a hearing aid.

(3) The period of any scheduled income benefits payable under this section on account of any injury shall be reduced by the period of income benefits paid or payable under this chapter on account of a prior injury if scheduled income benefits in both cases are for disability of the same member or function, or different parts of the same member or function, and the scheduled income benefits payable on account of the subsequent disability in whole or in part would duplicate the scheduled income benefits payable on account of the pre-existing disability.

(4) When an employe, who has sustained disability compensable under this section, and who has filed, or could have timely filed, a valid claim in his lifetime, dies from causes other than the injury before the expiration of the compensable period specified, the income benefits specified and unpaid at the individual's death, whether or not accrued or due at his death, shall be paid, under an award made before or after such

death, for the period specified in this section, to and for the benefit of the persons within the classes at the time of death and in the proportions and upon the conditions specified in this section and in the order named:

(a) To the widow or widower, if there is no child under the age of 18 or incapable of self-support; or

(b) If there are both such a widow or widower and such a child or children one-half to such widow or widower and the other half to such child or children; or

(c) If there is no such widow or widower but such a child or children, then to such child or children; or

(d) If there is no survivor in the above classes, then the parent or parents wholly or partly actually dependent for support upon the decedent, or to other wholly or partly actually dependent relatives listed in paragraph (g) of subsection (1) of KRS 342.750 or to both, in such proportions as the board may provide by regulation.

Section 5. KRS 342.760 is amended to read as follows:

(1) There is hereby authorized in the state treasury an uninsured employers' fund for the purpose of making payments in accordance with the provisions of subsection (4) of this section. The state treasurer shall be the custodian of the fund and all moneys and securities in the fund shall be held in trust by the state treasurer and shall not be considered a part of the general funds of the state.

(2) The state treasurer is authorized to disburse moneys from the fund only upon written order of the board.

(3) All amounts collected as fines and penalties under this chapter shall be paid into the uninsured employers' fund. There shall initially be transferred to the fund from the maintenance fund beginning January 1, 1973, the sum of $100,000.

(4) Upon the action taken in subsection (3) the uninsured employers' fund will become operative, compensation thereafter shall be paid from it when there has been default in the payment of compensation due to the failure of an employer to secure payment of compensation as provided by this chapter. Such employer shall be liable for payment into the fund of the amounts authorized to be paid therefrom under the authority of this subsection and for the purposes of enforcing this liability the board, for the benefit of the fund, shall be subrogated to all the rights of the person receiving such compensation.

(5) In furtherance of this purpose, the attorney general shall appoint a member or members of his staff or special counsel to represent the fund in all proceedings brought to enforce claims against or on behalf of the fund. Necessary expenses for this purpose including salaries of said staff or special counsel shall be borne by the fund. The attorney general's office shall be responsible for the administration of the uninsured employers' fund and shall be charged with the conservation of the assets of the fund.

(6) If at any time the *assets of the uninsured employers' fund fall below $50,000* [charges against the uninsured employers' fund exceed the assets of said fund], the board, with approval of the commissioner of the executive department for finance and administration and commissioner of labor, may transfer sufficient moneys from the maintenance fund to the uninsured employers' fund in order to honor claims filed against said uninsured employers' fund and to provide for the administration of the fund.

Section 6. KRS 304.13-040 is amended to read as follows:

(1) Every insurer shall file with the commissioner, except as to inland marine risks which by general custom of the business are not written according to manual rates or rating plans, every manual, minimum, class rate, rating schedule or rating plan and every other rating rule, and every modification of any of the foregoing which it proposes to use. Every such filing shall state the proposed effective date thereof, and shall indicate the character and extent of the coverage contemplated.

(2) *Every insuree offering workmens' compensation insurance coverage to employers in this state shall on or before July 1 of each year file with the commissioner every manual, minimum, class rate, rating schedule or rating plan and every other rating rule and every modification of any of the foregoing which it proposes to use.*

(3) [When a filing is not accompanied by the information upon which the insurer supports such filing, and] The commissioner [does not have sufficient information to determine whether such filing meets the requirements of this subtitle he] shall require the insurer to furnish the information upon which it supports the filing and in such event the waiting period shall commence as of the date such information is furnished. The information furnished in support of a filing *shall* [may] include:

(a) The experience [or judgment] of the insurer or rating organization making the filing,

(b) Its interpretation of any statistical data it relies upon,

(c) The experience of other insurers or rating organizations, [or]

(d) The data and records upon which the filing is based including, in the case of filings made by rating organizations, the reports of the member insurers to such rating organizations upon which the filing is based,

(e) The actual and incurred losses for the preceding calendar year and the most recent policy year losses for a three year period for which such information is available,

(f) The premium income, received and earned during the preceding calendar year and the most recent policy year premium income for a three year period for which such information is available,

(g) The actual and accrued expenses of the insurees for each of the three preceding calendar years, or

(h) [(d)] Any other relevant factors.

(4) [(3)] A filing and any supporting information shall be open to public inspection after the filing becomes effective, except as provided in subsection (4) of KRS 304.13-050. Specific inland marine rates on risks specifically rated, made by a rating organization, shall be filed with the commissioner, and shall become effective when filed and shall be deemed approved and in compliance with the requirements of this subtitle until such time as the commissioner rejects the filing.

Section 7. KRS 304.13-050 is amended to read as follows:

(1) The commissioner shall review filings as soon as reasonably possible after they have been made in order to determine whether they meet the applicable requirements of this subtitle.

(2) Subject to the exception specified in subsection (3) of KRS 304.13-040 with reference to specific inland marine rates made by a rating organization, and subsections (3) and (4) of this section, each filing shall be on file for a waiting period of thirty (30) days before it becomes effective, which period may be extended by the commissioner for an additional period not to exceed thirty (30) days if he gives written notice within such waiting period to the insurer or rating organization which made the filing that he needs such additional time for the consideration of such filing. Upon written application by such insurer or rating organization, the commissioner may authorize a filing which he has reviewed to become effective before the expiration of the waiting period or any extension thereof. A filing shall be deemed to meet the requirements of this subtitle unless disapproved by the commissioner within the waiting period or any extension thereof.

(3) Any special filing with respect to a surety or guaranty bond required by law or by court or executive order or by order, rule or regulation of a public body, not covered by a previous filing, shall become effective when filed and shall be deemed to meet the requirements of this subtitle until such time as the commissioner rejects the filing.

(4) The commissioner may, when he deems it to be in the public interest, hold a public hearing on any filing before said filing becomes effective to determine whether or not the filing meets the requirements of this subtitle. *The commissioner shall hold a public hearing on all filings respecting workmens' compensation insurance, and shall cause the filing and the supporting information to be examined by an independent, qualified actuary who shall file a written report of his examination and evaluation prior to the date set for the public hearing.* When the commissioner has determined that a hearing shall be held relative to any filing, the filing and any supporting information filed therewith shall be open to public inspection immediately upon the giving of notice as required by this subsection. Before such hearing the rating organization or insurer making such filing shall be given ten (10) days' written notice of the time and place of such hearing, and the public shall be given notice by publication pursuant to KRS chapter 424. The commissioner shall promulgate reasonable regulations to prevent the avoidance of normal expirations and renewal dates of policies, or contracts of insurance, that may be affected by such filings. In the event that a hearing is held under the provisions of this subsection the waiting periods specified in subsection (2) of this section shall not begin to run until thirty (30) days after the close of such hearing.

(5) In the review of any filing made pursuant to KRS 304.13-040 either prior to its becoming effective, or upon a subsequent review as provided for in KRS 304.13-080, the burden of establishing that the filing under consideration meets the requirements of this subtitle shall be on the insurer or rating organization which makes such filing.

(6) The public hearings shall be conducted in accordance with the Kentucky Rules of Civil Procedure and the formal rules of evidence shall apply.

SECTION 8. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 13, IS CREATED TO READ AS FOLLOWS:

With respect to any filing which, if approved, would result in a reduction of rates, the commissioner shall immediately order the proposed rates to be effective. If upon the commissioner's review of the filing or as a result of a public hearing it appears that the proposed rates should be further reduced, the commissioner may order the insurer or rating organization to show cause within thirty (30) days why such rates should not be further reduced in accordance with the order.

"Section 2. KRS 304.3-200 is amended to read as follows:

(1) The commissioner may, in his discretion, refuse to continue or may suspend or revoke an insurer's certificate of authority if he finds after a hearing thereon, or upon waiver of hearing by the insurer, that the insurer has:

(a) Wilfully violated or wilfully failed to comply with any lawful order of the commissioner; or

(b) Wilfully violated or wilfully failed to comply with any lawful regulation of the commissioner; or

(c) Wilfully violated any provision of this code other than those for violation of which suspension or revocation is mandatory; or

(d) Failed to pay taxes on its premiums as required by law.

In lieu of such suspension or revocation, the commissioner may, in his discretion, levy upon the insurer, and the insurer shall pay forthwith, an administrative fine of not more than two thousand dollars ($2,000).

(2) The commissioner shall suspend or revoke an insurer's certificate of authority on any of the following grounds, if he finds after a hearing thereon that the insurer:

(b) Acting with apparent authority unless the insured knows the agent exceeded his powers; or

The House of Representatives hereby honors Mr. Lazarus Bethany,

WHEREAS, the last above-cited marel—that bills which were dead, yet do they live—hath been present in this General Assembly to a wondrous extent not seen since the mind of man runneth not to the contrary; and

WHEREAS, legislators must strive to be like unto little ones, with trusting, child-like faith; and

WHEREAS, Lazarus of Bethany, brother of Martha and Mary, doth provide a scriptural precedent for the current phenomenon whereby bills which have lain long in the tomb, and must needs stinketh, do come out; and

WHEREAS, the resuscitated spirit of said Lazarus of Bethany can be said to hover over this honorable body, his cloth wrappings trailing behind him;

NOW, THEREFORE, doth this body honor Lazarus of Bethany and make him an honorary member hereof, and cause this citation to be sent to him (General Delivery, Bethany). Upon death of an active contributing member or upon the death of a member retired for disability, except as provided in KRS 161.661(6), the survivors of the deceased member in the following named order, may elect to receive a survivor's benefit payable as follows:

(1) Where there is a surviving widow, or a widower, who is named as beneficiary of the member's retirement account, the benefit shall be one hundred sixty dollars per month, except that effective July 1, 1976, the benefit shall be one hundred seventy-five dollars per month for an eligible widow or widower whose total income from all other sources does not exceed six thousand dollars per year or five hundred dollars per month.

(2) Where there are surviving unmarried children under age eighteen or under age nineteen if a full-time student in high school, the benefit shall be one hundred forty dollars per month in the case of one such child, two hundred fifty dollars per month in the case of two such children, three hundred dollars per month in the case of three such children, and three hundred twenty-five dollars per month in the case of four or more such children. Benefits under this subsection shall apply notwithstanding benefits which may be payable under subsections (1) and (3).

(3) Where the survivor is a child age eighteen or older whose mental or physical condition is sufficient to cause his dependency on the deceased member at the time of the member's death the benefit shall be one hundred seventy-five dollars per month, payable for the life of such child or until such time as the mental or physical condition creating the dependency no longer exists. Benefits under this subsection and subsection (2) shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one year prior to the death of the member. Benefits under this subsection shall apply notwithstanding benefits which may be payable under subsections (1) and (2) and shall be in addition to such benefits.

(4) Where the sole eligible survivors are dependent parents aged sixty-five or over, the benefit shall be one hundred seventy-five dollars per month for one parent or two hundred forty dollars per month for two parents. Dependency of a parent shall be established as of the date of the death of the member.

(5) Where the sole eligible survivor is a dependent brother or sister, the benefit shall be one hundred forty dollars per month. In order to qualify the brother or sister must have been a resident of the deceased member's household for at least one full year prior to the member's death or must have been receiving care in a hospital, nursing home or other institution at the member's expense for a like period.

(6) The benefit to a child as defined in subsection (2) of this section shall terminate upon the attainment of age eighteen or upon reaching age nineteen if a full-time student in high school or upon marriage, except that benefits shall continue until the attainment of age twenty-three for an unmarried child who is a full-time student in a recognized educational program beyond the high school level. The benefit to a widow, widower, dependent parent or dependent brother or sister or dependent child age eighteen or older shall terminate upon marriage, or upon termination of the condition creating the dependency.

(7) The board of trustees shall be the sole judge of eligibility or dependency of any beneficiary, and may require formal application or information relating thereto, including proof of annual income satisfactory to the board. The board of trustees may subpoena records and individuals whenever it deems such action necessary.

(8) No payments of benefits shall be made unless the board of trustees shall have authorized such payments. The board shall formulate and adopt necessary rules and regulations for the administration of the foregoing provisions and in every case the decision of the board of trustees shall be final as to eligibility, dependency, or disability, and the amounts of benefit payable.

(9) In the event that there are no eligible survivors as defined in subsections (1), (2), (3), (4), and (5) of this section, the board of trustees shall pay to the estate or assigns of the deceased member a refund of his accumulated contributions as provided in KRS 161.470(7). If the benefits paid or payable under subsections (1), (2), (3), (4), and (5) of this section and KRS 161.661 shall amount to a sum less than the member's accumulated contributions at the time of death, the board of trustees shall pay to the estate or assigns of the deceased member the balance of such accumulated contributions.

(10) Effective July 1, 1978, a monthly payment of one hundred and seventy-five dollars shall be payable for the benefit of an adult child of a member retired for service when the child's mental condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of such child or until such time as the mental condition creating the dependency no longer exists. Benefits under this subsection shall not apply to adopted children. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto."

(2) In determining the lowest price for which any item of distilled spirits and wine was sold in any other state or in the District of Columbia, or to any state or state agency which owns and operates retail liquor stores, appropriate reductions shall be made to reflect all discounts, rebates, free goods, allowances and other inducements of any kind whatsoever offered or given to any such wholesaler or state or state agency, as the case may be, purchasing such item in such other state or in the District of Columbia; moreover nothing contained in this section shall prevent differentials in price which make allowance for differences in state taxes and fees, and in the actual cost of delivery. As used in this paragraph, the term "state taxes or fees" shall mean the excise taxes imposed or the fees required by any state or the District of Columbia upon or based upon the gallon of liquor.

(3) Quantity discount prices for distilled spirits and wine sold to wholesalers of other states or to the District of Columbia, and to states which own and operate retail liquor stores shall not be considered to be a violation of the manufacturer's, distiller's, rectifier's, blender's or vintner's affirmation if such discount prices are also offered to Kentucky wholesalers for purchases in the same quantities. To the extent any discounts, rebates, allowances or other inducements are of this Act, offered or given in any state of the United States or the District of Columbia and the effect thereof is to reduce the price of such item elsewhere below that at which it is being sold in the Commonwealth during the same period, then the licensee filing the affirmation statement shall list thereon discounts, rebates, allowances and other inducements per case and show to what extent that the price elsewhere for the same brand and size is less than the price at which the item is sold in the Commonwealth. The same discounts, rebates, allowances and other inducements shall be offered to wholesalers in the Commonwealth with respect to such item within a twelve (12) month period, including the month in which they are given elsewhere.

(4) Any person, firm or corporate official who makes a false statement in any affirmation filed hereunder shall be punished by a fine of not more than one thousand dollars ($1,000) or by imprisonment for not more than six (6) months or both.

(5) Any manufacturer, distiller, rectifier, blender, or vintner, who fails to file such affirmation or willfully violates the pledges contained herein shall have its license to import and sell alcoholic beverages in the state suspended by the Board for a period not less than one (1) year.

(6) For the purpose of carrying out the provisions of this Act, each licensed manufacturer, distiller, rectifier, blender or vintner offering for sale to any licensed wholesaler in the Commonwealth of Kentucky any brand of distilled spirits or wine shall file the affirmation as provided by this section with the Board not later than sixty (60) days after passage of this Act, and thereafter shall file the same in accordance with the provisions of this section.

(7) The Board may make such regulations and investigations as it deems necessary for enforcing the provisions of this section.

(1) Upon determination by the board of directors of a watershed conservancy district that the improvement, continuing operation, or maintenance of a watershed continuing operation, or maintenance of a watershed project is necessary, the board of directors may adopt a resolution which shall set out: (a) a listof the benefited lands located in the flood plain, as determined by the board of directors, giving the acreage of such lands and the names of the owners thereof as defined by KRS 262.010(6) with a classification of such lands or parts thereof into classes in order that assessments may be made according to direct benefits, and (b) the annual assessments to be levied upon the lands set out in the resolution on the basis of a certain amount per acre according to benefits received, not to exceed in any one year a sum per acre specified in the resolution.

Said notice shall set out the time and place of a meeting of the board of directors of the watershed conservancy district at which owners of benefited lands who may be liable for the annual assessments may be heard.

(3) At the hearing upon the resolution, owners of benefited lands may voice their views concerning the proposal as to whether it should be undertaken, and the scope thereof, or the degree of benefit received by their lands. The board shall prepare a record summarizing the proceedings. If the board of directors determines as a result of the hearing that the proposal should be carried out as planned, it may make such changes or revisions in the resolution as it deems proper and shall give due notice of an election to be held at which benefited landowners may vote on the question of annual special assessments to defray the cost. The board shall appoint a polling superintendent and other necessary election officers, giving representation to the opponents of the question as well as to proponents.

(5) If a majority of those voting upon the proposition favor the assessment the board shall give due notice of the vote. If a suit is filed, the county attorney shall represent the board of directors in upholding the validity of the proposed assessment. After the lapse of time specified herein all actions by owners of properties to be benefited shall be forever barred.

(6) If no suit is filed and no injunction issued within the time allowed in subsection (5) of this section, the board of directors shall levy annual assessments effective only upon the benefited properties and based on the acreage thereof. The annual assessment shall be made by the board of directors at the same time and in the same manner as provided in KRS 262.765 for taxes generally and shall be collected as provided in KRS 262.770. (4) If two-thirds (2/3) of the landowners voting favor the proposal, subject to the provisions of KRS 66.210, such bonds may be issued.

Section 16. KRS 262.777 is amended to read as follows:

[In the event the income derived by a watershed conservancy district by taxation as provided by KRS 262.745(1) and 262.760 shall prove inadequate to carry out the approved program of the district, or constitutional limitations on indebtedness do not permit the borrowing of funds by the district as authorized by KRS 262.745(4) and 262.750,] A special assessment may be voted and bonds issued which shall be payable solely from the collection of such assessments, as provided in KRS 262.778 and 262.779."

VETO MESSAGES

(Spread Upon the Register of the Secretary of State After Sine Die Adjournment)

HB 420

House Bill 420 is vetoed because shifting the burden for filing the reports from the candidate to the treasurer effectively precludes enforcement of the requirements for public disclosure.

s/Julian M. Carroll
Governor

March 25, 1978

HB 638

By the authority granted by Section 88 of the Kentucky Constitution I am vetoing House Bill 638 because Senate Floor Amendment No. 2, which was adopted by both houses, and which permits a teacher to be granted membership in the teachers retirement system without meeting the normal eligibility conditions previously necessitated by KRS Chapter 161, further expands the unfunded liability for the system.

s/Julian M. Carroll
Governor

March 30, 1978

HB 643

By the authority granted by Section 88 of the Kentucky Constitution I am vetoing House Bill 643 because it mandates that at least three-fourths of the advisory board membership represent the day care industry, and that board as created would effectively regulate itself which is not in the public interest.

HJR 20

WHEREAS, the official records of the Secretary of State reflect the fact that the Governor of the Commonwealth of Kentucky is "absent from the State" within the meaning of section 84 of the Constitution of Kentucky, and

WHEREAS, in such circumstances, it becomes incumbent upon the Lieutenant Governor to discharge the duties of the office of the Governor,

NOW, THEREFORE, **HJR 20**, 1978 Regular Session of the General Assembly of Kentucky should be and it hereby is vetoed.

Conformable to the requirements of Section 88 of the Constitution of Kentucky the objects and reasons for the veto of **HJR 20** are:

(1) It is not in the best interest of the people of the Commonwealth of Kentucky;

(2) The General Assembly of Kentucky was powerless to rescind the action previously it had taken on the identical subject matter of **HJR 20.**

(3) The manner in which **HJR 20** obtained concurrence by both Houses of the General Assembly were illegal.

This the 20th day of March, 1978.
